

CRITERIA CAIXA, S.A., SOCIEDAD UNIPERSONAL
(incorporated with limited liability in the Kingdom of Spain)
EUR 2,000,000,000
Euro Medium Term Note Programme

Criteria Caixa, S.A., Sociedad Unipersonal (the “**Issuer**”) has established a EUR2,000,000,000 Euro Medium Term Note programme (the “**Programme**”). Under the Programme, the Issuer may, subject to compliance with all relevant laws and regulations, from time to time issue notes (the “**Notes**”). This document (the “**Base Prospectus**”) has been approved as a base prospectus by the Central Bank of Ireland (the “**Central Bank**”), as competent authority under Regulation (EU) 2017/1129 (the “**EU Prospectus Regulation**”). Such approval relates only to Notes issued under the Programme within twelve months after the date hereof. The Central Bank only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the EU Prospectus Regulation. Approval by the Central Bank should not be considered as an endorsement of the Issuer or of the quality of the Notes. Investors should make their own assessment as to the suitability of investing in the Notes.

Application will be made to the Central Bank for Notes issued under the Programme within twelve months after the date hereof to be admitted to the official list (the “**Official List**”) and to trading on the regulated market of the Irish Stock Exchange plc, trading as Euronext Dublin (“**Euronext Dublin**”). The regulated market of Euronext Dublin is a regulated market for the purposes of Directive 2014/65/EU on markets in financial instruments.

At the date of this Base Prospectus, the Issuer has been rated BBB+ (stable outlook) as long-term debt issuer and F1 as short-term debt issuer by Fitch Ratings Ireland Limited (“**Fitch**”) and Baa2 (stable outlook) as long-term debt issuer by Moody’s Deutschland GmbH (“**Moody’s**”). Fitch and Moody’s are established in the EEA and registered under Regulation (EU) No 1060/2009, on credit rating agencies (the “**EU CRA Regulation**”). The ratings Fitch and Moody’s have given to the Issuer are endorsed respectively by Fitch Ratings Ltd and Moody’s Investors Service Ltd, which are established in the UK and registered under Regulation (EU) No 1060/2009 on credit rating agencies as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the “**UK CRA Regulation**”).

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer to fulfil its respective obligations under the Notes are discussed under “Risk Factors” below.

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. In particular, the Notes have not been, and will not be, registered under the United States Securities Act of 1933 (as amended) (the “**Securities Act**”) or with any securities regulatory authority of any state or other jurisdiction of the United States, and Notes in bearer form are subject to U.S. tax law requirements. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

Product Governance under Directive 2014/65/EU (as amended)

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “**EU MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

The Final Terms in respect of any Notes may include a legend entitled “EU MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended, “**EU MiFID II**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

Product Governance under UK MiFIR

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR product governance rules set out in the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the UK MiFIR Product Governance Rules is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of EU MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (“**FSMA**”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

EU Benchmarks Regulation

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the “**EU Benchmarks Regulation**”). If any such reference rate does constitute such a benchmark, the Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (*Register of administrators and benchmarks*) of the EU Benchmark Regulation. The registration status of any administrator under the EU Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator.

Programme limit

The maximum aggregate principal amount of Notes outstanding under the Programme will not exceed EUR 2,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into EUR 2,000,000,000 at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement). The maximum aggregate principal amount of Notes which may be outstanding under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under “*Subscription and Sale*”.

In this Base Prospectus, unless otherwise specified, references to a “**Member State**” are references to a Member State of the European Economic Area, references to “**EUR**” or “**euro**” are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

In this Base Prospectus, Criteria Caixa, S.A., Sociedad Unipersonal is referred to as the “**Issuer**”, “**Criteria**” and “**CriteriaCaixa**”. The Issuer together with its subsidiaries is referred to as the “**CriteriaCaixa Group**” or the “**Group**”.

Language

The language of the Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

Credit Ratings

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described above or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued or endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or by a

credit rating agency which is certified under the EU CRA Regulation and/or (2) issued or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or by a credit rating agency which is certified under the UK CRA Regulation will be disclosed in the Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (2) provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (3) provided by a credit rating agency not established in the EEA which is certified under the EU CRA Regulation. In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the UK and registered under the UK CRA Regulation or (2) provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or (3) provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation.

Stabilisation

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

ALTERNATIVE PERFORMANCE MEASURES

The financial information included in this Base Prospectus, in addition to the conventional financial performance measures established by IFRS-EU, contains certain alternative performance measures (“APMs”) that include Gross Asset Value (“GAV”), Net Asset Value (“NAV”), Net Loan to Value (“Net LTV”), Gross Debt, Gross Loan to Value (“Gross LTV”), Net Debt, Interest Coverage Ratio (“ICR”) and Cash and Cash Equivalents that are presented for purposes of providing investors with a better understanding of Criteria’s financial performance, cash flows or financial position as they are used by Criteria when managing its business.

Such measures have not been prepared in accordance with IFRS-EU, have been extracted or derived from the accounting records or other management systems of the Group, have not been audited and should not be considered as a substitute for those required by IFRS-EU.

For an explanation and reconciliation of these APMs, see section entitled “Alternative Performance Measures” on pages 33 to 41 of the 2021 Management Report and pages 32 to 40 of the 2020 Management Report.

RISK FACTORS

Any investment in the Notes is subject to a number of risks. Prior to investing in the Notes, prospective investors should carefully consider risk factors associated with any investment in the Notes, the business of the Issuer and the industry in which it operates together with all other information contained in this Base Prospectus, including, in particular the risk factors described below. Words and expressions defined in the “Terms and Conditions of the Notes” below or elsewhere in this Base Prospectus have the same meanings in this section.

Prospective investors should note that the risks relating to the Issuer, the industry in which it operates and the Notes summarised in the section of this Base Prospectus headed “Overview” are the risks that the Issuer believes to be the most essential to an assessment by a prospective investor of whether to consider an investment in the Notes. However, as the risks which the Issuer faces relate to events and depend on circumstances that may or may not occur in the future, prospective investors should consider not only the information on the key risks summarised in the section of this Base Prospectus headed “Overview” but also, among other things, the risks and uncertainties described below.

The following is not an exhaustive list or explanation of all risks which investors may face when making an investment in the Notes and should be used as guidance only. Additional risks and uncertainties relating to the Issuer that are not currently known to the Issuer, or that either currently deems immaterial, may individually or cumulatively also have a material adverse effect on the business, prospects, results of operations and/or financial position of the Issuer and, if any such risk should occur, the price of the Notes may decline and investors could lose all or part of their investment. Investors should consider carefully whether an investment in the Notes is suitable for them in light of the information in this Base Prospectus and their personal circumstances.

(I) RISKS RELATING TO THE ISSUER

1. Strategic Risks (risks associated with the achievement of corporate targets)

CriteriaCaixa is an investment holding company focused on managing the wealth of its sole shareholder, Fundació Bancaria Caixa d'Estalvis i Pensions de Barcelona, “la Caixa” (“**la Caixa**” **Foundation**” or “**la Caixa**”). It has a dual mission: (i) to provide, through dividend distributions, the resources needed by “la Caixa” to develop and implement its welfare projects and (ii) to manage and intend to increase the wealth of “la Caixa” Foundation. In order to carry out this dual mission, Criteria is dependent on the successful implementation of its business strategy.

Strategy implementation risks

CriteriaCaixa’s ability to implement its strategy depends on a number of factors, including the skills of its management team in identifying and executing investment and divestment opportunities and its ability to exercise influence over its investees.

As Criteria’s revenues are derived from the return on its investments, either through receiving dividend payments or proceeds from divestments, if Criteria’s management team were to fail to identify investments that yield attractive returns or fail to achieve the targeted sale price for its divestments, this could adversely affect its revenues and financial position. Even if Criteria were able to identify such investment or divestment opportunities, the successful execution of such transactions may be impacted by factors beyond Criteria’s control, such as competing investors or adverse market conditions.

Furthermore, the fact that CriteriaCaixa has an equity interest or board representation in certain investees may prevent it from seizing investment opportunities that may arise in companies in the same industry or that are related parties. The impediments to investment may be triggered, among other factors, by applicable competition legislation or by any relations with current or potential partners that limit CriteriaCaixa’s investment in other entities.

Part of CriteriaCaixa’s strategy is based on the intended exercise of influence over investees through board representation. For example, as at 31 December 2021, CriteriaCaixa’s investments in the listed companies CaixaBank, S.A. (“**CaixaBank**”), Naturgy Energy Group, S.A. (“**Naturgy**”), The Bank of East Asia Ltd (“**BEA**”) and Grupo Financiero Inbursa, S.A.B. de C.V. (“**Inbursa**”), where CriteriaCaixa is represented on their respective Boards of Directors, accounted for 61.1% of CriteriaCaixa’s GAV. The acquisition of significant shareholdings in such listed companies by third parties (including any takeover offer made by such third party to acquire shares of CriteriaCaixa’s investees) or the issuance of ordinary shares by these companies (where CriteriaCaixa’s interest could be diluted) could result in a loss or a decrease in CriteriaCaixa’s ability to exercise such influence or in the

need to make further investments to maintain such ability, prevent CriteriaCaixa from receiving a premium for its shares as part of a sale of its interest in such investees or affect the liquidity of the shares of such investees.

CriteriaCaixa may also acquire minority interests in listed or unlisted companies or invest in operations led by other investors and where, as a result of such minority stake, CriteriaCaixa is unable to exercise significant influence. As at 31 December 2021, 20.3% of CriteriaCaixa's GAV corresponded to such minority interests without significant influence. These acquisitions or investments could still be substantial and could entail greater risks as CriteriaCaixa may have access to comparatively less information about these investments than if it had a significant stake and representation on the investees' governing bodies, which could limit its ability to make informed decisions regarding the investees' businesses. Furthermore, this may also limit Criteria's ability to significantly influence, among other things, the financial and operational decisions of such listed or unlisted companies where it holds minority interests.

Any of these risks could adversely affect CriteriaCaixa's business, financial position and results of operations.

Concentration risk

As at the date of this Base Prospectus, CriteriaCaixa has a relatively concentrated equity portfolio, due to: (i) industry concentration; (ii) concentration in certain investments; and (iii) concentration in a particular geographical market.

Industry concentration

CriteriaCaixa's investments in financial investees, namely CaixaBank, Inbursa and BEA accounted for 30% of CriteriaCaixa's total GAV as at 31 December 2021 and 18.5% of CriteriaCaixa's total dividends received for the year ended 31 December 2021. As a result, CriteriaCaixa is particularly exposed to risks affecting the financial sector. See "*Risks related to the activity of CriteriaCaixa's investees—Risks associated with the activity of its financial investees*".

As the financial sector is highly-regulated, CriteriaCaixa is exposed to the possibility that central banks and financial regulators may impose restrictions on the ability of financial institutions to distribute dividends to its shareholders. For example, as a result of the COVID-19 pandemic, the European Central Bank ("**ECB**"), which supervises CaixaBank, asked in March 2020 that at least until 1 October 2020 no dividends be paid out. In July 2020, the ECB extended this recommendation until 1 January 2021 and in December 2020, the ECB asked that banks exercise extreme prudence when deciding on, or paying out, dividends until 30 September 2021. This led to CaixaBank distributing a cash dividend of EUR0.0268 gross per share (EUR65 million received by Criteria), charged to profit from 2020, with the payment of the dividend equivalent to 15% of the adjusted pro forma consolidated results of CaixaBank and Bankia, S.A., in line with the recommendation of the ECB (compared to EUR0.07 gross per share (EUR167 million received by Criteria), charged to profit from 2019).

Furthermore, the Mexican National Banking and Securities Commission (*Comisión Nacional Bancaria y de Valores – "CNBV"*), which supervises Inbursa, issued a similar recommendation in April 2020 for banks to suspend usual dividend payments for the remainder of 2020. Following the recommendation of the CNBV issued to the financial sector, Inbursa decided not to pay dividends for the year 2020. In April 2021, the CNBV recommended to banks operating in Mexico that, should they decide to pay dividends to their shareholders, not to exceed 25% of the profits obtained between 2019 and 2020.

Given CriteriaCaixa's significant investments in financial investees, any factors that adversely impact the financial sector specifically, including any such recommendations or restrictions imposed by central banks or regulators, could adversely affect the value of, and returns on, Criteria's investment portfolio, which, in turn, could adversely affect CriteriaCaixa's business, financial position and results of operations.

At the date of this Base Prospectus, there are no restrictions imposed on CriteriaCaixa's financial investees in terms of dividend distributions.

Concentration in certain investments

As at 31 December 2021, 62% of the Issuer's GAV corresponded to the Issuer's three main equity investments (24.6% corresponded to the investment in CaixaBank, 31.1% to the investment in Naturgy and 6.3% to the investment in Cellnex Telecom, S.A. ("**Cellnex**")).

As a result, any factors that adversely impact CaixaBank, Naturgy or Cellnex specifically could have a material adverse effect on the value of, and returns on, Criteria's investment portfolio which, in turn, could adversely affect CriteriaCaixa's business, financial position and results of operations. See "*—Risks related to the activity of CriteriaCaixa's investees*".

Concentration in a particular geographical market

During the year ended 31 December 2021, 86.3% of the revenues of the CriteriaCaixa Group were generated in Spain. While certain of Criteria's significant Spanish investees, such as Naturgy, Cellnex or Telefónica, S.A. ("**Telefónica**"), are multinational companies which generate revenues across a number of jurisdictions, Spain continues to be one of their largest markets. As a result, any factors that adversely impact the Spanish economy specifically could have a material adverse effect on the value of, and returns on, Criteria's investment portfolio which, in turn, could adversely affect CriteriaCaixa's business, financial position and results of operations. See "*—Risks related to the economy*".

Operational risks: Risks arising from the purchase and sale of equity investments

Although CriteriaCaixa carefully analyses available information before making an investment decision and tries to obtain the usual contractual protections against the risks of each investment, it cannot give any assurance that the available information will reveal all of the risks associated with the investment or that it will be possible to carry out detailed valuations or obtain appropriate contractual protection against such risks, especially in the case of investments in unlisted securities. Due diligence cannot guarantee the success of transactions that depend on a variety of factors, many of which are beyond CriteriaCaixa's control.

Furthermore, the acquisition of significant shareholdings in listed or unlisted companies may require administrative consents or authorisations that may not be obtained or may be obtained only under conditions that prevent the acquisition or make it unattractive.

CriteriaCaixa may be obliged to give representations and warranties in favour of third parties in relation to the sale of some of its equity investments. If such representations and warranties were found to be incorrect, the buyer of the assets could commence legal proceedings against CriteriaCaixa.

Any of the above factors could adversely affect CriteriaCaixa's business, financial position and results of operations.

2. Risks related to the economy

As Criteria's revenues are derived from the return on its investments, either through receiving dividend payments or proceeds from divestments, it is exposed to risks related to the economy.

Risks arising from unfavourable global economic conditions

Criteria is indirectly exposed to the economic conditions in which its investees operate and any downturn in the economy which affects its investees could therefore affect Criteria's profitability as a result of a decrease in the value of CriteriaCaixa's interests in such investees or lower levels of dividend payouts.

For example, during 2020, the COVID-19 pandemic had a significant impact on the value of Criteria's equity portfolio (in terms of GAV), which decreased by EUR2,881 million (-16.1%) when compared to 2019, mainly due to the share performance of CaixaBank and Naturgy, which declined by 24.9% and 15.4%, respectively. While the value of Criteria's equity portfolio recovered by EUR3,758 million (24.1%) during 2021 (when compared to 2020), mainly due to the share performance of CaixaBank and Naturgy, which increased by 15% and 51%, respectively, there can be no assurance that any downturn in the economy affecting Criteria's investees will not adversely affect the value of the equity portfolio again in the future.

According to the latest International Monetary Fund (IMF) projections (*World Economic Outlook April 2022*), global growth is expected to decelerate from 6.1% in 2021 to 3.6% in 2022 and 2023. While, in the fourth quarter of 2021, gross domestic product ("**GDP**") in Spain increased by 2.0% when compared with the previous quarter (source: *the Organisation for Economic Co-operation and Development*) and the unemployment rate in Spain also improved in the fourth quarter of 2021 (although remaining at an elevated level of 13.33%) (source: *Instituto Nacional de Estadística*), there can be no assurance that such growth in GDP will continue or that the unemployment rate does not increase further. See also "*—Risks related to the economy*".

Therefore, developments around the COVID-19 pandemic may continue to adversely influence economic activity, and the outcome will depend to a significant degree on the race between new strains of the virus and the successful rollout of effective vaccines. For example, the emergence of the Omicron variant in China and its zero-infection policy resulted in a total lockdown during the first quarter of 2022. This situation has deteriorated the supply chain crisis due to a lack of production and of transport availability, which has resulted in price increases. Such adverse economic impact may, in turn, adversely impact the business of CriteriaCaixa's investees, resulting in a decrease of the value of CriteriaCaixa's interest or lower levels of dividend payouts.

Furthermore, following Russia's invasion of Ukraine that started on 24 February 2022, economies around the world, including the United States, the European Union and the United Kingdom, announced the imposition of comprehensive trade sanctions targeting Russian individuals, companies (including banks) and institutions. Such sanctions will result in a significant reduction in trading volumes between these economies and Russia, which has already resulted in increased commodity prices on global markets for oil, natural gas and wheat, among other products.

The effect of such sanctions, coupled with the increased geopolitical tensions, are expected to exacerbate high inflation and supply chain bottlenecks, risk financial contagion and are likely to have an adverse effect on business and consumer confidence and the global economy generally. There is a risk that lower business and consumer confidence and activity and an energy-fuelled inflation shock could result in higher unemployment rates and lower global economic growth at a time when the global economy is still recovering from the effects of the COVID-19 pandemic. For example, as at the date of this Base Prospectus, the ECB has raised its inflation projections and cut its growth outlook as the conflict in Ukraine is likely to keep commodity prices high, weakening households' purchasing power and firms' ability to invest. The ECB has decided to end net asset purchases under its asset purchase programme ("APP") as of 1 July 2022 in response to rising inflation and has announced its intention to raise its key ECB interest rates, initially by 25 basis points. The ECB has also indicated that interest rates may be further increased (potentially by a 50 basis point rise) in September 2022 if the inflation outlook does not improve.

As such, any of these factors as well as the unpredictable outcome, scale and duration of the conflict could result in CriteriaCaixa's financial investees distributing lower levels of dividends or no dividends to CriteriaCaixa or in a decrease in the value of CriteriaCaixa's interest in such investees.

Any prolonged economic downturn, as a result of the COVID-19 pandemic, Russia's invasion of Ukraine and related geopolitical tensions or otherwise, negatively affects, among other things, business and consumer confidence, economic activity levels, unemployment trends, availability of financing (which, in turn, leads to a deterioration in credit and financing conditions) and a downward trend in asset values.

Any of these factors could adversely affect CriteriaCaixa's business, financial position and results of operations.

3. Risks related to the activity of CriteriaCaixa's investees

As an investment holding company, Criteria's revenues are derived from the return on its investments, either through receiving dividend payments or proceeds from divestments. As such Criteria is exposed to risks related to the activity of its investees. If any such risks were to materialise, this could result in such investees distributing lower levels of dividends or no dividends to CriteriaCaixa or in a decrease in the value of CriteriaCaixa's interest in such investees, which, in turn, could adversely affect CriteriaCaixa's business, financial position and results of operations.

CriteriaCaixa is indirectly subject to the risks associated with the business sectors in which its investees operate. The degree of CriteriaCaixa's exposure depends on the relative weight of the relevant investee in CriteriaCaixa's total investments and results.

Risks associated with the activity of its financial investees

CriteriaCaixa is indirectly subject to the risks associated with the activity of its financial investees, as it holds stakes as at the date of this Base Prospectus of 30.0%, 9.1% and 18.9% in CaixaBank, Inbursa and BEA respectively, which as of 31 December 2021 and 2020 accounted for 30.0% and 33.4%, respectively, of CriteriaCaixa's GAV.

For example, the most significant risk item on the balance sheet of CriteriaCaixa's financial investees is credit risk, which arises from changes in the credit quality of, and the recoverability of loans and amounts due from, clients and counterparties and which is inherent in a wide range of such financial investees' business activities. Criteria's

financial investees may therefore experience losses in the event of a total or partial non-compliance by their clients and counterparties of their credit obligations.

CriteriaCaixa's financial investees are also subject to interest rate risk in their banking book which depends on the level of its net interest income, which is the difference between interest income from loans and other interest-earning assets and interest expense paid to its depositors and other creditors on interest-bearing liabilities. Interest rates are highly sensitive to many factors beyond the control of CriteriaCaixa's financial investees, including fiscal and monetary policies of governments and central banks and regulation of the financial sectors in the markets in which they operate, as well as domestic and international economic and political conditions and other factors. For example, new announcements made by the ECB on 9 June 2022 confirmed its intention to break with the current low interest rate policy, which may affect the spread between interest rates charged to interest-earning assets and interest rates paid on interest-bearing liabilities and consequently adversely affect CriteriaCaixa's financial investees' results of operations.

The business activity of Criteria's financial investees also requires them to assume market risk, such as fluctuations in interest rates and exchange rates or in the price of commodities or equity instruments. Any failure by Criteria's financial investees to prudently manage, or effectively hedge against, such exposures could adversely affect their results of operations.

Additionally, CriteriaCaixa's financial investees are exposed to the real estate market, due to real estate assets securing significant parts of such financial investees' outstanding loans. Declines in property prices decrease the value of the real estate collateral securing such mortgage loans and adversely affect the credit quality of property developers to whom such financial investees have lent. Therefore, any defaults by borrowers in the property construction or development sector, as well as any downturn in the real estate market, could have a material adverse effect on the business, financial position and results of operations of such financial investees.

CriteriaCaixa's financial investees are also subject to liquidity risk. The main source of liquidity of such financial investees is their customer deposit base, as well as ongoing access to wholesale lending markets. Although CriteriaCaixa's financial investees place significant emphasis on liquidity risk management and focus on maintaining a buffer in liquid assets, they are exposed to the general risk of liquidity shortfalls (such as if depositors withdraw their funds at a rate faster than the rate at which borrowers repay their loans or in the event of a sudden or unexpected shortage of funds in the banking systems or money markets in which CriteriaCaixa's financial investees operate or a loss of confidence).

As CriteriaCaixa's main financial investees are involved in the insurance business, they are also subject to the actuarial and insurance business risk which is the risk of increase in the value of commitments assumed through insurance contracts with customers and employee pension plans due to the differences between the claims estimates and actual performances. Management of this risk depends on actuarial management policies relating to underwriting, pricing, reserving, and usage of risk transfer mechanisms such as reinsurance. Nevertheless, this risk is mainly out of the control of CriteriaCaixa's financial investees.

CriteriaCaixa's financial investees are also exposed to the risk of losses arising from inadequate or failed internal processes, infrastructure, personnel and internal systems or from unforeseen external events beyond the control of such financial investees or due to third parties, both accidentally and fraudulently. This includes errors in the management of suppliers, model risk, the custody of securities or their information technology (“IT”) infrastructure and processes. Despite the risk management measures put in place by such financial investees, there can be no assurance that they will not suffer material losses from operational risk in the future.

Lastly, the markets in which CriteriaCaixa's financial investees operate are highly competitive. CriteriaCaixa's financial investees face competition from other financial institutions as well as from non-bank competitors and from shadow banking entities that operate outside the regulated banking system, including companies operating in the “fintech” sector or in the cryptocurrency space. If CriteriaCaixa's financial investees are unable to provide competitive product and service offerings, they may fail to attract new customers and/or retain existing customers, experience decreases in their interest, fee and commission income, and/or lose market share, the occurrence of any of which could have a material adverse effect on their business, financial position and results of operations.

CriteriaCaixa's financial investees are also exposed to certain legal and compliance risks. See “—*Legal and compliance risks*”.

If any of the above risks were to materialise, this could adversely affect CriteriaCaixa's financial investees' results and financial situation, which, in turn, could result in an adverse effect on CriteriaCaixa's business, financial position and results of operations.

Risks associated with the activity of its non-financial investees

CriteriaCaixa is also indirectly subject to the risks associated with the activity of its non-financial investees, as it holds stakes of 26.7% and 4.3% in Naturgy and Cellnex, respectively, among other investments. The investments in Criteria's industrial portfolio accounted for 51.4% of CriteriaCaixa's GAV as at 31 December 2021.

For example, Naturgy is exposed to price variations in crude oil, natural gas and electricity. A significant portion of Naturgy's operating expenses relate to the purchase of natural gas and liquefied natural gas ("LNG") for commercialisation in the regulated and deregulated markets in which it operates and for fuelling its combined cycle gas turbine plants for electricity generation. The prices of natural gas and LNG are subject to significant volatility, including as a result of Russia's invasion of Ukraine.

Furthermore, electricity prices in Spain, Naturgy's main market, is also highly volatile due to the market share of renewable technologies and their dependence on climate conditions and also because of the volatility of thermal energy technologies that define the price of electricity in Spain since it is the marginal technology required to cover electricity demand.

In addition, the operations of Criteria's non-financial investees are also subject to certain inherent risks. For example, in the case of Naturgy, these operating risks include pipeline ruptures, breakdowns affecting its electricity generation assets and LNG tankers, explosions, pollution, release of toxic substances, fires, adverse weather conditions, failure by gas and fuel suppliers or other third parties to fulfil contractual obligations, sabotage, accidental damage to its gas distribution network or electricity generation assets and other hazards and *force majeure* events.

Naturgy is also exposed to risks associated with variations in currency exchange rates, particularly in Latin America where it generates a significant part of its revenues. Variations in exchange rates can affect, among other things, the value of earnings and borrowings denominated in currencies other than the euro and operations that generate non-euro revenue, as well as the exchange value of commodity purchases denominated in currencies other than the euro.

In the case of Cellnex, its business depends on the demand for the services that it provides and a substantial portion of its revenue is derived from a small number of major customers. The telecom infrastructure services segment of Cellnex is highly dependent on the demand for its telecom and broadcast wireless infrastructures by a small number of telecom operators and a decrease in such demand (including through industry consolidation of such operators) may adversely affect the business of Cellnex. Within the broadcasting infrastructure segment of Cellnex, demand for communication services and equipment depends on the coverage needs from its customers (TV channels and radio stations), which, in turn, depend on the demand for TV and radio broadcast by their customers. Likewise, for the other network services segment of Cellnex, demand for connectivity, public protection and disaster relief networks, operation and maintenance, smart city and Internet of Things services depends on the demand from a small number of public administrations as well as entities operating in the private and public sectors and optic fibre services. Any factor adversely affecting the demand for such services, some of which are beyond the control of Cellnex, could materially adversely affect the business and results of operations of Cellnex.

Furthermore, the development and commercialisation of new technologies designed to improve and enhance the range and effectiveness of wireless telecom networks, either by Cellnex itself or its competitors, could significantly decrease demand for the existing infrastructure of Cellnex. For example, the broadcasting infrastructure segment's business is threatened due to substitute new technologies such as cable TV, satellite TV or over-the-top (OTT) broadcasting services. In the telecom infrastructure services segment, Cellnex cannot anticipate the evolution of its complementary segments (such as 5G, "Small Cells" or distributed antenna system (DAS)), which may become dominant technologies in the future and render the current technologies and infrastructure of Cellnex obsolete.

CriteriaCaixa's non-financial investees are also exposed to certain legal and compliance risks. See "*—Legal and compliance risks*".

If any of the above risks were to materialise, this could adversely affect CriteriaCaixa's non-financial investees' results and financial situation, which, in turn, could result in an adverse effect on CriteriaCaixa's business, financial position and results of operations.

Legal and compliance risks

Certain of CriteriaCaixa's investees operate in highly-regulated industries and, as such, are required to comply with a wide range of laws and regulations and are also exposed to potential litigation or regulatory investigations.

For example, the financial services industry in which Criteria's financial investees are operating is among the most highly regulated industries in the world. In response to the global financial crisis, governments, regulatory and supervisory authorities and others have made and continue to make proposals to reform the regulatory framework for the financial services industry to enhance its resilience against future crises. CriteriaCaixa's financial investees' operations are subject to ongoing regulation and associated regulatory risks, including the effects of changes in laws, regulations, policies and interpretations, in Spain, the EU and the other markets in which they operate.

The main regulations which most significantly affect Criteria's financial investees are related to prudential supervision, bank recovery and resolution, and capital and liquidity requirements which have become increasingly stringent in recent years. Regulation has also considerably increased in customer and investor protection, digital and technological matters, taxation and anti-money laundering, among others. The specific effects of a number of new laws and regulations remain uncertain because the drafting and implementation of these laws and regulations are still ongoing and some of them have been recently adopted. As a result, Criteria's financial investees may be subject to an increasing incidence or amount of liability or regulatory sanctions and may be required to make greater expenditures and devote additional resources to address potential liability.

With regard to Criteria's non-financial investees, Naturgy is required to comply with a wide variety of legal rules and regulations applying to the natural gas and electricity sectors. In particular, gas and electricity distribution are regulated businesses in most of the countries in which Naturgy carries out these activities. In addition, Naturgy is subject to laws and regulations concerning prices, environmental requirements and other aspects of its activities in each of the countries in which it operates. The laws and regulations governing the natural gas and electricity sectors in the countries where Naturgy operates are typically subject to periodic review and may be modified, and such modifications may be significant in certain instances.

In addition, given the highly-regulated nature of some of the sectors in which Criteria's non-financial investees operate, some of the activities of its investees are subject to obtaining relevant concessions, licences or other administrative authorisations, which can be time-consuming and costly. For example, the licenses and assigned frequency usage rights that Cellnex uses for services such as connectivity have a finite maturity. Cellnex could be unable to renew or obtain its licenses and frequency usage rights necessary for its business upon expiration of their terms or it may have to make significant investments to maintain its licenses, either of which could have a material adverse effect on its business, prospects, results of operations, financial condition and cash flows. Operating without the necessary concessions, licences or authorisations can result in a sanction. The return on, and performance of, the assets and businesses of such investees in regulated jurisdictions are therefore conditional on obtaining and maintaining the relevant administrative concessions and authorisations in the medium and long term, which, in many cases, is outside of the control of Criteria's non-financial investees.

Any legislative or regulatory actions and any required changes to the business operations of Criteria's investees resulting from such legislation and regulations, as well as any deficiencies in such investees' compliance with such legislation and regulation, could result in significant loss of revenue, limit the ability of the investees to pursue business opportunities in which they might otherwise consider engaging, affect the value of assets that they hold, require them to increase its prices and therefore potentially reduce demand for their products, impose additional compliance and other costs on them or could otherwise materially adversely affect their businesses. Moreover, as a response to rising consumer prices, certain governments could consider introducing temporary taxes ("windfall taxes") on companies and/or financial institutions that are deemed to have made unreasonably high profits due to unusually favourable market factors (such as global commodity prices or interest rates hikes). This could result in a reduction of Criteria's investees' profits available for distribution and, consequently, have an adverse effect on CriteriaCaixa's business, financial position and results of operations.

In addition, Criteria's investees are involved in a number of judicial, arbitration and regulatory proceedings (including in relation to tax matters). Given the size and nature of some of such investees' businesses, the amounts involved in such proceedings can be significant. An adverse outcome in one or more of those proceedings (including out-of-court settlements), or any future proceedings, could result in such investees suffering significant costs.

If any of the above risks were to materialise, this could adversely affect CriteriaCaixa's investees' results and financial situation, which, in turn, could result in an adverse effect on CriteriaCaixa's business, financial position and results of operations.

4. Financial risks (Risks associated with the main financial variables)

As an investment holding company, Criteria is exposed to a range of financial risks related to its investment and divestment activity.

Impairment of equity portfolio

For Criteria, impairment of equity portfolio is the main risk in its business model, which is common in a company the corporate purpose of which is to hold and manage stakes. This impairment risk mainly derives from a decline in forecasted earnings of those companies where Criteria exercises a significant influence, adverse movements in market prices of equity instruments or investee insolvency.

There can be no assurance that the estimates and assumptions about future earnings and movements in market prices used by Criteria will prove to be accurate and they could differ from actual earnings and prices, perhaps significantly. While the values are subject to continuous monitoring in order to assess whether there is any objective evidence of impairment, future events could cause Criteria to conclude that certain of their equity investments may have become impaired.

The impairment of any investments in Criteria's equity portfolio would require Criteria to record an impairment loss in its Statement of Profit or Loss, which, in turn, could adversely affect CriteriaCaixa's business, financial position and results of operations.

CriteriaCaixa conducted impairment tests as at 31 December 2021 to assess the recoverable amounts of its investments and to verify the accuracy of the value at which such investments are currently recognised in its financial statements. The analyses were conducted with public information and the complete valuation exercise revealed the need to transfer a total of EUR-350 million to the statement of profit or loss in 2021 corresponding to the Group's stake in BEA. This impairment is largely due to the weak share price of BEA. CriteriaCaixa will wait to see whether the strategic decisions taken by BEA will ultimately feed through to earnings and lead to an improvement in both profitability and share price in the future.

A price decline of the real estate assets may adversely affect the Group

The Group is exposed to market fluctuations in the value of real estate assets as it owns a real estate portfolio which had a total GAV of EUR2,585 million as at 31 December 2021 (compared to EUR2,631 million as at 31 December 2020) and which corresponded to 10.9% of CriteriaCaixa's total GAV (13.6% as of 31 December 2020). Therefore, declining property prices could have a material adverse effect on the Group's business, financial condition, results of operations and prospects. Additionally, the price at which an asset is valued may not be obtained in the event of sale.

Real estate markets are cyclical in nature and are affected by the condition of the economy as a whole and there is a risk that the real estate market in Spain (where most of Criteria's real estate assets are located) will be adversely affected by the fallout from the COVID-19 pandemic and Russia's invasion of Ukraine. In particular, the value of certain real estate assets declined due to the COVID-19 pandemic, prompting the Group to recognise a total impairment of EUR27 million in 2020 (compared to an increase in value of EUR23 million for the year ended 31 December 2019), mainly affecting the portfolio of assets to commercialise. In 2021, EUR1 million of these provisions were reversed. As at the date of this Base Prospectus, no further impairments have been recorded. See also "*Risks related to the economy*".

In addition to the general economic climate (including the COVID-19 pandemic and Russia's invasion of Ukraine), the Spanish real estate markets, prevailing rental rates and asset values may also be affected by factors such as an excess supply of properties, the availability of credit, the level of interest rates and changes in laws and governmental regulations (both domestic and international), including those governing real estate usage, zoning and taxes. In addition, asset values and rental rates may also be affected by a fall in the general demand for rental property and reductions in tenants' and potential tenants' space requirements. All of these factors are outside of Criteria's control, and may adversely affect the value of Criteria's real estate portfolio or its targeted return on such real estate assets (through rental income or sale proceeds).

The portfolio of real estate assets is recognised at cost less any accumulated depreciation and any accumulated impairment loss in the balance sheet. To ensure that the portfolio of real estate assets is properly recognised in the balance sheet, at year-end the Group compares the carrying amount of the portfolio with its recoverable amount. The Group determines fair value on the basis of valuations made by independent experts. These valuations are no more than two years old and may undergo subsequent adjustments in accordance with an internal valuation model. However, the valuation of real estate assets is inherently uncertain and such independent experts are required to make certain assumptions with regard to the state of the real estate market, the condition and structure of the assets, environmental matters, permits and licences and other information. Such assumptions may prove to be inaccurate, particularly during periods of heightened uncertainty such as the COVID-19 pandemic, Russia's invasion of Ukraine and new monetary policies. Incorrect assumptions underlying a valuation could lead to such valuations not accurately reflecting the actual value of such real estate assets. Moreover, the market value of real estate assets could decrease for a variety of factors, such as a general decline in demand resulting from higher financing costs due to higher interest rates or from recessionary conditions in the wider economy, lower than expected returns, regulatory changes, price increases and other factors.

Any of the above factors could adversely affect CriteriaCaixa's business, financial position and results of operations.

Liquidity risk

Liquidity risk relates to the possibility of a company not being able to meet its payment obligations because it cannot sell a financial instrument quickly enough without incurring significant additional costs or needing additional finance.

Despite the fact that Criteria actively monitors its liquidity, there can be no assurance that the lack of liquidity of some of Criteria's investments may not adversely affect the Group in the future or that Criteria will be able to successfully mitigate such liquidity risk.

For example, CriteriaCaixa's investment strategy may lead it to hold significant interests in companies the liquidity of which may be lower than other companies with a smaller interest, independently of the chosen divestment procedure. This is particularly the case for stakes in unlisted companies, where any divestment is typically more difficult to achieve than disposing of a stake in a listed company. As at 31 December 2021, CriteriaCaixa's investment in unlisted companies corresponded to 3.6% of its GAV.

In addition, certain of Criteria's investments could be subject to significant exit barriers. For example, the shareholder agreements CriteriaCaixa has entered into (and those that it may enter into in the future) with regard to certain investments in listed or unlisted companies or the articles of association of such companies, could also, to differing degrees, limit CriteriaCaixa's ability to make certain divestments by requiring Criteria not to dispose of its interest for a substantial period of time or only dispose its interests to non-shareholders.

While investments in listed companies tend to be more liquid, and while 81.4% of Criteria's GAV corresponded to listed companies as at 31 December 2021, the divestments of such stakes may still be difficult. For example, the sale of a significant interest in a listed company to a single purchaser could require the purchaser to make a bid for the entire share capital of the company concerned under applicable takeover laws. A purchaser may also, depending on the industry and the transaction, be required to obtain (industry or competition-related) administrative consents or authorisations. These factors could increase the cost for the purchaser, and the time required to complete the transaction, or even prevent the sale (if the necessary authorisations are not obtained), which could limit the number of potential purchasers and adversely affect the liquidity of the investments held by CriteriaCaixa.

Furthermore, placing a significant interest in a listed company in the market with several different purchasers could require a discount in the selling price, depending on market conditions and the characteristics of the security concerned, among other factors, which, in turn, would reduce Criteria's return on such investments.

Lastly, with regard to Criteria's real estate portfolio, real estate assets can be illiquid for reasons including, but not limited to, the long term nature of leases, properties being tailored to tenants' specific requirements and varying demand for real estate. Any such illiquidity may adversely affect Criteria's ability to change the composition of its real estate portfolio or dispose of properties in a timely fashion and/or at satisfactory prices.

Any of the above factors could adversely affect CriteriaCaixa's business, financial position and results of operations.

Credit risk

Credit risk refers to the risk of incurring losses through breach of contractual payment obligations by a debtor or changes in the risk premium relating to the financial solvency of the debtor.

The main credit risk affecting CriteriaCaixa relates to the investments in associates, mainly listed companies, which is not the same as the risk related to the market value of their shares. As of 31 December 2021 and 2020, CriteriaCaixa's investments in associates, using the equity method, amounted to EUR15,164 million and EUR14,940 million, respectively. The risk in investments of this nature is associated with the performance of the business of the investee, and the possible insolvency thereof, since the market price of the shares is a mere indicator. In general, this risk can be classified as a credit risk.

Lastly, CriteriaCaixa is also exposed to credit risk (counterparty risk) on its investment of surplus cash and on the balances held in current accounts. CriteriaCaixa has a policy of investing surplus cash in highly liquid financial products, either offered to or deposited at solvent entities.

Any of these factors could adversely affect CriteriaCaixa's business, financial position and results of operations.

Risks relating to the Issuer's indebtedness

As of 31 December 2021, CriteriaCaixa's consolidated non-current and current financial liabilities amounted to EUR6,456 million (EUR5,922 million as of 31 December 2020). As of 31 December 2021, CriteriaCaixa's Gross Debt amounted to EUR5,713 million (EUR5,124 million as of 31 December 2020) and its Net LTV was 21.4% (a decrease over the Net LTV of 22.7% as of 31 December 2020). The indebtedness incurred by Criteria, or that it may incur in the future, could reduce its financial flexibility and cash available to service its debt. If certain extraordinary or unforeseen events occur, including a breach of financial covenants, Criteria's borrowings and any hedging arrangements that it may have entered into may be repayable prior to the date on which they are scheduled for repayment or could otherwise become subject to early termination. If CriteriaCaixa and its relevant subsidiaries are required to repay borrowings early, they may be forced to sell assets when they would not otherwise choose to do so in order to make the payments and they may be subject to prepayment penalties.

Criteria may also find it difficult or costly to refinance indebtedness as it matures, and if interest rates are higher when the indebtedness is refinanced, the Group's costs could increase. In addition, a significant increase of the Net LTV or the Gross LTV could result in a downgrade of its ratings by the relevant rating agencies, which could increase Criteria's cost of funding.

Any of these factors could adversely affect CriteriaCaixa's business, financial position and results of operations.

Market risk could significantly affect the value of CriteriaCaixa

This refers to the risk that the value of a financial instrument (including instruments such as the Notes) may fluctuate as a result of changes in (i) the price of the financial instruments (e.g., shares of the investment portfolio of the CriteriaCaixa Group), (ii) interest rates or (iii) foreign exchange rates. These possibilities could lead to, among other things, decreases in equity and losses arising due to changes in market prices and/or losses on the positions composing the investment portfolio, over the medium to long term, which could adversely affect CriteriaCaixa's business, financial position and results of operations.

Price risk

As of 31 December 2021, 99.7% of the market value of the Group's investments in equity instruments classified as associates, financial assets measured at fair value with changes in other comprehensive income and financial assets measured at fair value with changes in profit or loss corresponded to listed securities. As a result, CriteriaCaixa is exposed to the market risk generally associated with listed companies.

The listed securities are exposed to fluctuations in price and trading volume due to factors beyond CriteriaCaixa's control. The market value of the Group's investments in equity instruments was clearly affected during the early stages of the COVID-19 pandemic. Moreover, Russia's invasion of Ukraine has exacerbated supply chain shortages and further propelled rising inflation, which has led to, among other things, central banks raising interest rates and the risk of an economic recession in major global economies in 2022. As a result, stock prices have generally suffered significant declines in recent weeks due to large-scale sell-offs.

As at 31 December 2021, CriteriaCaixa reported an increase in GAV of 22.8% compared to 31 December 2020, reaching EUR23,805 million. See also “—Risks related to the activity of CriteriaCaixa’s investees”.

Any of these factors could adversely affect CriteriaCaixa’s business, financial position and results of operations.

Foreign currency risk

CriteriaCaixa is exposed to currency risk through its investments denominated in currencies other than the euro, which are exposed to exchange rate fluctuations.

CriteriaCaixa’s activities, including those of its investments, are located in Spain, the rest of Europe, Asia, Central and South America.

The main assets of the balance sheet subject to exchange rate fluctuations as at 31 December 2021 were the shares of Inbursa in Mexican pesos (“**MXN**”) (Investments accounted for using the equity method) and the shares of BEA in Hong Kong dollars (“**HK\$**”) (Investments accounted for using the equity method), which had a consolidated book value of EUR985 million and EUR2,670 million, respectively at the euro exchange rate as of 31 December 2021. The most significant other assets in non-EUR currencies were investees in United States dollars (“**USD**”) (Financial assets measured at fair value with changes in other comprehensive income – Equity instruments) for an amount of EUR712 million and in British pound sterling (“**GBP**”) for an amount of EUR104 million, respectively, at the euro exchange rate as of 31 December 2021.

Any relative decline of any non-euro currency against the euro would cause the value of any dividends received in such non-euro currency and the value of the shares denominated in such non-euro currency to decline, which, in the event such decline were significant, would adversely affect Criteria’s revenues and portfolio value. While CriteriaCaixa’s management regularly assesses the advisability of arranging hedges to cover its foreign exchange risks, there can be no assurance that Criteria will be able to arrange any such hedges on commercially reasonable terms or at all.

Any of these factors could adversely affect CriteriaCaixa’s business, financial position and results of operations.

Interest rate risk

This relates mainly to changes in borrowing costs on debt with floating-rate interest payments and therefore relates, primarily, to CriteriaCaixa’s financial indebtedness. Interest rates are highly sensitive to many factors beyond CriteriaCaixa’s control, including fiscal and monetary policies of governments and central banks and regulation of the financial sectors in the markets in which it operates, as well as domestic and international economic and political conditions and other factors.

The market interest rate affects financial profit since certain financial liabilities are arranged at a floating rate (pegged to the Euro Interbank Offered Rate (“**EURIBOR**”)). Accordingly, there is exposure to interest rate changes, which could affect the interest income and interest cost of financial liabilities tied to floating interest rates. As of 31 December 2021, CriteriaCaixa maintained 33.8% of its financial liabilities at floating rates.

The effects of a future change in EURIBOR based on the instruments quoted as at 31 December 2021 would have the following effect in the CriteriaCaixa’s profit/(loss) before tax statement:

	Millions of euros
	Effects on profit/(loss) before tax
-50 bp	(3,265)
+50 bp	3,011
+ 100 bp	(4,292)

As of 31 December 2021, the notional amount of the interest rate swaps arranged was EUR1,082 million. However, there can be no assurance that Criteria will be able to continue to maintain any such interest rate swaps on commercially reasonable terms or at all, which could result in increased costs of its interest rate swaps or increase its exposure to EURIBOR fluctuations in the event Criteria could not maintain such coverage. This could have an

adverse effect on Criteria's financial position. In addition, Criteria may suffer losses if the counterparty to such swaps defaults on its obligations.

Any of these factors could adversely affect CriteriaCaixa's business, financial position and results of operations.

(II) RISKS RELATING TO THE NOTES

The Notes may be redeemed prior to maturity

In the event that, as a result of a change in law or regulation, the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Kingdom of Spain or any political subdivision thereof or any authority therein or thereof having power to tax, and such obligation cannot be avoided by reasonable measures, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

In addition, if in the case of any particular Tranche of Notes the Final Terms specify that the Notes are redeemable at the Issuer's option in certain other circumstances and accordingly the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Notes and may only be able to do so at a significantly lower rate. An optional redemption feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

There is no active trading market for the Notes

The Notes are new securities which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). Although applications have been made to the Central Bank for the Notes to be admitted to the official list and to trading on the regulated market of Euronext Dublin there can be no assurance that such application will be accepted, that any particular Tranche of Notes will be so admitted, or that an active trading market will develop or, if developed, that it will continue. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have a severely adverse effect on the market value of Notes. If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer.

Credit Rating may not reflect all risks

One or more independent credit rating agencies may assign credit rating to the issue of Notes. The rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (2) provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (3) provided by a credit rating agency not established in the EEA which is certified under the EU CRA Regulation. Similarly, in general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the UK and registered under the UK CRA Regulation or (2) provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or (3) provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation.

Modifications and waivers

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Subject to and in accordance with Condition 7(k) (*Benchmark Replacement (Independent Adviser)*) certain changes may be made to the interest calculation of Floating Rate Notes, without the consent of the Noteholders.

Accordingly, there is a risk that the terms of the Notes, the Conditions or the Agency Agreement may be modified, waived or amended in circumstances where a Noteholder does not agree to such modification, waiver or amendment, which may adversely impact the rights of such Noteholder.

Notes with integral multiples

In relation to any issue of Notes which have a denomination consisting of the minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of the minimum Specified Denomination. Noteholders who, as a result of trading such amounts, hold a principal amount of Notes other than a multiple of the minimum Specified Denomination will receive definitive Notes in respect of their holding (provided that the aggregate amount of Notes they hold is in excess of the minimum Specified Denomination), however, any such definitive Notes which are printed in denominations other than the minimum Specified Denomination may be illiquid and difficult to trade. Furthermore, a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, holders of the Notes will have to rely on their procedures for transfer, payment and communication with the Issuer

Notes issued under the Programme may be represented by one or more Global Bearer Notes (the “**Global Notes**”) (as the case may be). Such Global Notes will be deposited with a common depositary or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, holders of the Notes will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, holders of the Notes will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg and their participants.

While the Notes are represented by one or more Global Notes the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes will not have a direct right under the Global Notes to take enforcement action against the Issuer in the event of a default under the relevant Notes but will have to rely upon their rights under the Deed of Covenant.

Interest Rate Risks

Investment in fixed rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of fixed rate Notes.

If an investor holds Notes which are not denominated in the investor’s home currency, it will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the currency specified in the applicable Final Terms (the “**Specified Currency**”). This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease: (1) the Investor’s Currency-

equivalent yield on the Notes; (2) the Investor's Currency equivalent value of the principal payable on the Notes; and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Note. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Certain benchmark rates, including EURIBOR, may be discontinued or reformed in the future

EURIBOR and other interest rates or other types of rates and indices which are deemed to be benchmarks are the subject of ongoing national and international regulatory discussions and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented.

Regulation (EU) No. 2016/1011 (the "**EU Benchmarks Regulation**") applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the EU. Regulation (EU) No. 2016/1011 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Benchmarks Regulation**") applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the UK. The EU Benchmarks Regulation or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to EURIBOR or another benchmark rate or index, in particular, if the methodology or other terms of the benchmark are changed in order to comply with the terms of the EU Benchmark Regulation or UK Benchmark Regulation, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level, or affecting the volatility of the published rate or level, of the benchmark. More broadly, any of the international, national or other proposals for reform, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain "benchmarks," trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the discontinuance or unavailability of quotes of certain "benchmarks".

As an example of such benchmark reforms, on 21 September 2017, the European Central Bank announced that it would be part of a new working group tasked with the identification and adoption of a "risk free overnight rate" which can serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the euro area. On 13 September 2018, the working group on Euro risk-free rates recommended the new Euro short-term rate ("**€STR**") as the new risk-free rate for the euro area. €STR was published for the first time on 2 October 2019. Although EURIBOR has subsequently been reformed in order to comply with the terms of the Benchmark Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with €STR or an alternative benchmark.

The elimination of EURIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the interest calculation provisions of the Conditions (as further described in Condition 7(k) (*Benchmark Replacement (Independent Adviser)*), or result in adverse consequences to holders of any Notes linked to such benchmark (including Floating Rate Notes whose interest rates are linked to EURIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities (including the Notes) based on the same benchmark.

The Conditions of the Notes provide for certain fallback arrangements in the event that a published benchmark, such as EURIBOR, (including any page on which such benchmark may be published (or any other successor service)) becomes unavailable or a Benchmark Event or a Benchmark Transition Event (each as defined in the Conditions), as applicable, otherwise occurs. Such an event may be deemed to have occurred prior to the issue date for a Series of Notes. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a successor rate or an alternative rate and that such successor rate or alternative reference rate may be adjusted (if required) in accordance with the recommendation of a relevant governmental body or in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark, although the application of such adjustments to the Notes may not achieve this objective. Any such changes may result in the Notes performing differently (which may include payment of a lower interest rate) than if the original benchmark continued to apply. In certain circumstances the ultimate fallback of interest for a particular Interest Period may result in the rate of interest for the last preceding Interest Period being used.

This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of successor rates and alternative reference rates and the involvement of an Independent Adviser (as defined in the Conditions) in certain circumstances, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and the UK Benchmarks Regulation reforms or arising from the possible cessation or reform of certain reference rates in making any investment decision with respect to any Notes linked to or referencing a benchmark.

The market continues to develop in relation to risk-free rates (including overnight rates) as reference rates for Floating Rate Notes

The use of risk-free rates - including €STR, as reference rates for Eurobonds continues to develop. This relates not only to the substance of the calculation and the development and adoption of market infrastructure for the issuance and trading of bonds referencing such rates, but also how widely such rates and methodologies might be adopted.

The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the Conditions and used in relation to Notes that reference risk-free rates issued under this Programme. The Issuer may in the future also issue Notes referencing €STR that differ materially in terms of interest determination when compared with any previous Notes issued by it under this Programme. The development of risk-free rates for the Eurobond markets could result in reduced liquidity or increased volatility, or could otherwise affect the market price of any Notes that reference a risk-free rate issued under this Programme from time to time.

In addition, the manner of adoption or application of risk-free rates in the Eurobond markets may differ materially compared with the application and adoption of risk-free rates in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing such risk-free rates.

In particular, investors should be aware that several different methodologies have been used in risk-free rate notes issued to date. No assurance can be given that any particular methodology, including the compounding formula in the terms and conditions of the Notes, will gain widespread market acceptance. In addition, market participants and relevant working groups are still exploring alternative reference rates based on risk-free rates, including various ways to produce term versions of certain risk-free rates (which seek to measure the market's forward expectation of an average of these reference rates over a designated term, as they are overnight rates) or different measures of such risk-free rates. If the relevant risk-free rates do not prove to be widely used in securities like the Notes, the trading price of such Notes linked to such risk-free rates may be lower than those of Notes referencing indices that are more widely used.

Investors should consider these matters when making their investment decision with respect to any Notes which reference €STR or any related indices.

Risk-free rates may differ from inter-bank offered rates in a number of material respects and have a limited history

Risk-free rates may differ from inter-bank offered rates in a number of material respects. These include (without limitation) being backwards-looking, in most cases, calculated on a compounded or weighted average basis, risk-free, overnight rates, whereas such interbank offered rates are generally expressed on the basis of a forward-looking term, are unsecured and include a risk-element based on interbank lending. As such, investors should be aware that risk-free rates may behave materially differently to interbank offered rates as interest reference rates for the Notes.

Risk-free rates offered as alternatives to interbank offered rates also have a limited history. For that reason, future performance of such rates may be difficult to predict based on their limited historical performance. The level of such rates during the term of the Notes may bear little or no relation to historical levels. Prior observed patterns, if any, in the behaviour of market variables and their relation to such rates such as correlations, may change in the future. Investors should not rely on historical performance data as an indicator of the future performance of such risk-free rates nor should they rely on any hypothetical data.

Furthermore, interest on Notes which reference a backwards-looking risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference such risk-free rates reliably to estimate the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which could adversely impact the liquidity of such Notes. Further, in contrast to Notes linked to interbank offered rates, if Notes referencing backwards-looking rates become due and payable as a result of an Event of Default under Condition 12 (*Events of Default*), or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall be determined by reference to a shortened period ending immediately prior to the date on which the Notes become due and payable or are scheduled for redemption.

The administrator of €STR or any related indices may make changes that could change the value or discontinue €STR

The European Central Bank (or its successors) as administrator of €STR may make methodological or other changes that could change the value of these risk-free rates and/or indices, including changes related to the method by which such risk-free rate is calculated, eligibility criteria applicable to the transactions used to calculate €STR, or timing related to the publication of €STR or any related indices. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of €STR (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing any such risk-free rate.

FINAL TERMS AND DRAWDOWN PROSPECTUSES

In this section the expression “necessary information” means, in relation to any Tranche of Notes, the necessary information which is material to an investor for making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the Notes and the reasons for the issuance and its impact on the issuer. In relation to the different types of Notes which may be issued under the Programme the Issuer has included in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions described in the relevant Final Terms as supplemented to the extent described in the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuer and the relevant Notes or (2) by a registration document (the “**Registration Document**”) containing the necessary information relating to the Issuer, a securities note (the “**Securities Note**”) containing the necessary information relating to the relevant Notes and, if necessary, a summary note.

FORMS OF THE NOTES

Bearer Notes

Each Tranche of Notes in bearer form (“**Bearer Notes**”) will initially be in the form of either a temporary global note in bearer form (the “**Temporary Global Note**”), without interest coupons, or a permanent global note in bearer form (the “**Permanent Global Note**”), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a “**Global Note**”) which is not intended to be issued in new global note (“**NGN**”) form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank SA/NV (“**Euroclear**”) and/or Clearstream Banking S.A. (“**Clearstream, Luxembourg**”) and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the “**ECB**”) announced that Notes in NGN form are in compliance with the “Standards for the use of EU securities settlement systems in ESCB credit operations” of the central banking system for the euro (the “**Eurosystem**”), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The relevant Final Terms will indicate whether such Bearer Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Bearer Notes are to be so held does not necessarily mean that the Bearer Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria.

In the case of each Tranche of Bearer Notes, the relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Notes

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for a Permanent Global Note”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note, duly authenticated and, in the case of a NGN, effectuated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership.

The principal amount of Notes represented by the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership **provided, however, that** in no circumstances shall the principal amount of Notes represented by the Permanent Global Note exceed the initial principal amount of Notes represented by the Temporary Global Note.

If:

- (a) the Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of the Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under a deed of covenant executed by the Issuer dated 20 July 2022 (the “**Deed of Covenant**”)).

The Permanent Global Note will become exchangeable, in whole but not in part only and at the request of the bearer of the Permanent Global Note, for Bearer Notes in definitive form (“**Definitive Notes**”):

- (a) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (b) at any time, if so specified in the Final Terms; or
- (c) if the relevant Final Terms specifies “in the limited circumstances described in the Permanent Global Note”, then if either of the following events occurs:
 - (i) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
 - (ii) an Event of Default as defined in Condition 12 (*Events of Default*) occurs and the Notes become due and payable.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note was originally issued in exchange for part only of a Temporary Global Note representing the Notes and such Temporary Global Note becomes void in accordance with its terms; or
- (c) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on the date on which such Temporary Global Note becomes void (in the case of (b) above) or at 5.00 p.m. (London time) on such due date ((c) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Temporary Global Note for Definitive Notes; or
- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being “Permanent Global Note exchangeable for Definitive Notes”, then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (a) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (b) at any time, if so specified in the relevant Final Terms ; or
- (c) if the relevant Final Terms specifies “in the limited circumstances described in the Permanent Global Note”, then if either of the following events occurs:
 - (i) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
 - (ii) an Event of Default as defined in Condition 12 (*Events of Default*) occurs and the Notes become due and payable.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal

amount of Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date ((b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

No person shall have any right to enforce any term or condition of any Note under the Contracts (Rights of Third Parties) Act 1999.

In the event of insolvency (*concurso*) of the Issuer, under the Insolvency Act, claims relating to the Notes (which are not subordinated pursuant to article 281 of the Insolvency Act) will be ordinary credits (*créditos ordinarios*) as defined in the Insolvency Act. Ordinary credits rank junior to credits against the insolvency estate (*créditos contra la masa*) and credits with a privilege (*créditos privilegiados*). Ordinary credits rank senior to subordinated credits and the rights of shareholders.

Pursuant to article 152 of the Insolvency Act, the accrual of interest shall be suspended as from the date of declaration of the insolvency of the Issuer. Interest on the Notes accrued but unpaid as of the commencement of any insolvency procedure of the Issuer shall constitute subordinated claims against the Issuer ranking in accordance with the provisions of article 281 of the Insolvency Act.

5. **Negative Pledge**

So long as any Notes remain outstanding (as defined in the Agency Agreement), the Issuer will not create or have outstanding any mortgage, charge, lien, pledge or other security interest (each a “**Security Interest**”) (other than any Permitted Security Interest), upon the whole or any part of its undertakings, assets, property or revenues (including uncalled capital), present or future, to secure any Relevant Indebtedness or to secure any guarantee or indemnity in respect of any Relevant Indebtedness, without at the same time or prior thereto granting to the Notes (i) the same security as is created or outstanding to secure any such Relevant Indebtedness, guarantee or indemnity, or (ii) such other security as shall be approved by an Extraordinary Resolution of Noteholders.

In these Conditions:

“**Permitted Security Interest**” means:

- (i) a Security Interest arising by operation of law; or
- (ii) any Security Interest which secures any Relevant Indebtedness or any guarantee or indemnity in respect of any Relevant Indebtedness which exists on any asset or undertaking of the Issuer which is acquired after the Issue Date of the Notes, *provided that*: (a) such Security Interest existed at the date of such acquisition; (b) such Security Interest was not created in contemplation of such acquisition; and (c) the amount thereby secured has not been increased in contemplation of, or since the date of, such acquisition, and any Security Interest over the same undertaking or asset which is given for the purpose of, and to the extent of, the refinancing of any such Relevant Indebtedness; and

“**Relevant Indebtedness**” means any obligation (whether present or future, actual or contingent) in the form of or represented by any bonds, notes, debentures, loan stock or other securities *provided that* any of the aforementioned obligations are listed on or have the capacity of being admitted by any listing authority to listing on, are quoted on, or are ordinarily dealt in or on, any stock exchange, or other securities market (for which purpose any such bonds, notes, debentures, loan stock or other securities shall be deemed not to be capable of being so admitted, quoted, listed or ordinarily dealt in if the terms of the issue thereof expressly so provide).

6. **Fixed Rate Note Provisions**

- (a) *Application*: This Condition 6 is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.

- (b) *Accrual of interest:* The Notes bear interest from (and including) the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Fixed Coupon Amount and Broken Amount:* The Interest Amount payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination. If a Broken Amount is specified in the relevant Final Terms, the Interest Amount payable on a particular Interest Payment Date(s) will amount to the Broken Amount so specified and will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.
- (d) *Calculation of Interest Amount:* The Interest Amount payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7. **Floating Rate Note Provisions**

- (a) *Application:* This Condition 7 is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from (and including) the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be (other than in respect of Notes for which €STR is specified as the Reference Rate in the relevant Final Terms) determined by the Calculation Agent on the following basis:
 - (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:
 - (A) one rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (B) the other rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period;

provided, however, that if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall calculate the Rate of Interest at such time and by reference to such sources as the Issuer, in consultation with an Independent Adviser appointed by the Issuer, and such Independent Adviser acting in good faith and in a commercially reasonable manner;

- (iii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iv) if, in the case of (i) above, such rate does not appear on that page or, in the case of (iii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Issuer will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) provide such quotations to the Calculation Agent who shall determine the arithmetic mean of such quotations; and
- (v) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, requested and selected by the Issuer, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *ISDA Determination:* If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “**ISDA Rate**” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
 - (i) if the Final Terms specify either “2006 ISDA Definitions” or “2021 ISDA Definitions” as the applicable ISDA Definitions:
 - (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (B) the Designated Maturity (as defined in the ISDA Definitions), if applicable, is a period specified in the relevant Final Terms;
 - (C) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the rate for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:

- (1) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
- (2) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period,

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall calculate the Rate of Interest at such time and by reference to such sources as the Issuer, in consultation with an Independent Adviser appointed by the Issuer, and such Independent Adviser acting in good faith and in a commercially reasonable manner, determines appropriate;

(D) if the specified Floating Rate Option is an Overnight Floating Rate Option (as defined in the ISDA Definitions), Compounding is specified to be applicable in the relevant Final Terms and:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{\text{€STR}_i \times n_i}{D} \right) - 1 \right] \times \frac{D}{d}$$

where:

“**d**” means the number of calendar days in:

“**€STR_i**” means the €STR reference rate for:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the TARGET Settlement Day falling “p” TARGET Settlement Days prior to the relevant TARGET Settlement Day “i”; or

“**i**” is a series of whole numbers from one to “d_o”, each representing the relevant TARGET Settlement Day in chronological order from, and including, the first TARGET Settlement Day in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or

- (g) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

- (i) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.
- (j) *Determination of Rate of Interest following acceleration:* If (i) the Notes become due and payable in accordance with Condition 12 (*Events of Default*) and (ii) the Rate of Interest for the Interest Period during which the Notes become due and payable is to be determined by reference to Condition 7(e) (*Interest – Floating Rate Notes referencing €STR (Screen Rate Determination)*), then the final Interest Determination Date shall be the date on which the Notes become so due and payable, and such Rate of Interest shall continue to apply to the Notes for so long as interest continues to accrue thereon as provided in the Conditions.
- (k) *Benchmark Replacement (Independent Adviser)*

If a Benchmark Event occurs in relation to the Reference Rate when the Rate of Interest (or any component part thereof) for any Interest Period remains to be determined by reference to such Reference Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 7(k)(i)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 7(k)(ii)) and any Benchmark Amendments (in accordance with Condition 7(k)(iii)).

In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents or the Noteholders for any determination made by it pursuant to this Condition 7(k) and the Fiscal Agent will not be liable for any loss, liability, cost, charge or expense which may arise as a result thereof

- (i) If the Independent Adviser determines in its discretion that:
 - (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 7(k)(ii)) subsequently be used in place of the Reference Rate to determine the Rate of Interest (or the relevant component part(s) thereof) for the relevant Interest Period and all following Interest Periods, subject to the subsequent operation of this Condition 7(k) in the event of a further Benchmark Event affecting the Successor Rate; or
 - (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 7(k)(ii)) subsequently be used in place of the Reference Rate to determine the Rate of Interest (or the relevant component part(s) thereof) for the relevant Interest Period and all following Interest Periods, subject to the subsequent operation of this Condition 7(k) in the event of a further Benchmark Event affecting the Alternative Rate.
- (ii) If the Independent Adviser determines in its discretion (A) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall apply to the Successor Rate or the Alternative Rate (as the case may be).
- (iii) If any relevant Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 7(k) and the Independent Adviser determines in its discretion (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, following consultation with the Calculation Agent (or the person specified in the relevant Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)), subject to giving notice thereof in accordance with Condition 7(k)(v), without any requirement for the consent or approval of relevant Noteholders, vary these Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice (and for the avoidance of doubt, the Fiscal Agent shall, at the direction and expense of the Issuer, consent to and effect such consequential amendments to the Agency Agreement and these Conditions as the Fiscal Agent may be required in order to give effect to this Condition 7(k)).
- (iv) If (A) the Issuer is unable to appoint an Independent Adviser or (B) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 7(k) prior to the relevant Interest Determination Date, the Reference Rate applicable to the relevant Interest Period shall be the Reference Rate applicable as at the last preceding Interest Determination Date. If there has not been a First Interest Payment Date, the Reference Rate shall be the Reference Rate applicable to the first Interest Period. For the avoidance of doubt, any adjustment pursuant to this Condition 7(k)(iv) shall apply to the relevant Interest Period only. Any subsequent Interest Period may be subject to the subsequent operation of this Condition 7(k) (*Benchmark Replacement (Independent Adviser)*).
- (v) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 7(k) will be notified promptly by the Issuer to the Fiscal Agent, the Calculation Agent, the Paying Agents and, in accordance with

Condition 19 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

 - (A) confirming (x) that a Benchmark Event has occurred, (y) the relevant Successor Rate, or, as the case may be, the relevant Alternative Rate and, (z) where applicable, any relevant Adjustment Spread and/or the specific terms of any relevant Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 7(k); and
 - (B) certifying that (1) the relevant Benchmark Amendments are necessary to ensure the proper operation of such relevant Successor Rate, Alternative Rate and/or Adjustment Spread and (2) the intent of the drafting of such changes is solely to implement the relevant Benchmark Amendments.

The Fiscal Agent and the Agents shall be entitled to rely on such certificate (without further enquiry and without liability to any person) as sufficient evidence thereof.

- (vii) The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of such Successor Rate or Alternative Rate and such Adjustment Spread (if any) and such Benchmark Amendments (if any)) be binding on the Issuer, Fiscal Agent, the Calculation Agent, the Paying Agents and the Noteholders.

Notwithstanding the sub-paragraphs above, where the relevant Benchmark Event is a public statement within sub-paragraphs (B), (C), (D), or (E) above and the applicable Specified Future Date in the public statement is more than six months after the date of that public statement, the Benchmark Event shall not be deemed to occur until the date falling six months prior to such applicable Specified Future Date.

(or such other amount as is specified in the relevant Final Terms under the heading "Clean-up Call Threshold") or less of the aggregate nominal amount of the Notes originally issued (and, for these purposes, any further Notes issued pursuant to Condition 17 (*Further Issues*) and consolidated with the Notes as part of the same Series shall be deemed to have been originally issued), the Issuer may redeem all (but not some only) of the remaining outstanding Notes on any date (or, if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, on any Interest Payment Date) upon giving not less than 15 nor more than 30 days' notice to the Noteholders (or such other notice period as may be specified in the applicable Final Terms) (which notice shall specify the date for redemption and shall be irrevocable), at their principal amount together with any accrued and unpaid interest up to (but excluding) the date fixed for redemption.

The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 9(f), may be withdrawn; **provided, however, that** if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 9(f), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.
- (g) *Change of Control Put Option*: If this Condition 9(g) is specified as applicable in the relevant Final Terms, if at any time while any Note remains outstanding, there occurs:
- (A) a Change of Control, and, within the Change of Control Period, a Rating Event in respect of that Change of Control occurs (such Change of Control and Rating Event not having been cured prior to the expiry of the Change of Control Period), or
- (B) a Change of Control, and, on the occurrence of the Change of Control, the Issuer is not rated by any Rating Agency on or before the last day of the Change of Control Period,

(each, a "**Change of Control Put Event**"), each Noteholder will have the option (the "**Change of Control Put Option**") (unless, prior to the giving of the Put Event Notice, the Issuer has given notice to redeem the Notes pursuant to this Condition 9) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of, all or some of its Notes, on the date determined by the Issuer and notified to the Noteholders in accordance with Condition 19 (the "**Change of Control Redemption Date**"), which date shall be within a period of not less than 45 nor more than 90 days following the Put Event Notice) at the Change of Control Redemption Amount of such Notes.

Where:

A "**Rating Downgrade**" shall be deemed to have occurred in respect of a Change of Control if, within the Change of Control Period, the rating previously assigned to the Issuer is lowered by at least two full rating notches (by way of example, BB+ to BB-, in the case of S&P) (a "**downgrade**") or withdrawn, in each case, by the requisite number of Rating Agencies (as defined below), and is not, within the Change of Control Period, subsequently upgraded (in the case of a downgrade) or reinstated (in the case of a withdrawal) to its earlier credit rating or better, such that there is no longer a downgrade or withdrawal by the requisite number of Rating Agencies. For these purposes, the "**requisite number of Rating Agencies**" shall mean (i) at least two Rating Agencies, if, at the time of the rating downgrade or withdrawal, three or more Rating Agencies have assigned a credit rating to the Issuer, or (ii) at least one Rating Agency if, at the time of the rating downgrade or withdrawal, fewer than three Rating Agencies have assigned a credit rating to the Issuer.

Notwithstanding the foregoing, no Rating Downgrade shall be deemed to have occurred in respect of a particular Change of Control if (a) following such a downgrade, the Issuer is still assigned an Investment Grade Rating by one or more Rating Agency, or (b) the Rating Agencies lowering or withdrawing their rating do not publicly announce or otherwise confirm in writing to the Issuer that such reduction or withdrawal was the result, in whole or part, of any event or circumstance comprised in, or arising as a result of, or in respect of, the applicable Change of Control; and

Promptly upon the Issuer becoming aware that a Change of Control Put Event has occurred, the Issuer shall give notice (the "**Put Event Notice**") to the Paying Agent and the Noteholders in accordance with Condition 19 (*Notices*) specifying the nature of the Change of Control Put Event and the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option, as well as the date upon which the Put Period (as defined below) will end and the Change of Control Redemption Date.

To exercise the Change of Control Put Option to require redemption or, as the case may be, purchase of such Note under this Condition 9(g), the holder of such Note must transfer or cause to be transferred its Notes to be so redeemed or purchased to the account of the Paying Agent specified in the Put Option Notice for the account of the Issuer within the period ("**Put Period**") of 45 days after the Put Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of the Paying Agent (a "**Put Option Notice**") and in which the holder may specify a bank account to which payment is to be made under this Condition 9(g).

- (h) *Redemption following an Acquisition Event:* If an Acquisition Event is specified in the Final Terms as being applicable and an Acquisition Event has occurred, then the Issuer may, subject to having given not less than 15 nor more than 30 days' irrevocable notice to the Noteholders within the Acquisition Notice Period (as specified in the Final Terms) in accordance with Condition 19 (*Notices*) (which notice shall specify the date fixed for redemption), redeem the Notes comprising the relevant Series in whole, but not in part, in accordance with these Conditions at any time, in each case at their Acquisition Call Redemption Amount (as specified in the Final Terms), together with any accrued and unpaid interest up to (but excluding) the date fixed for redemption.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

Prior to the publication of any notice of redemption pursuant to this Condition 9(h), the Issuer shall deliver to the Fiscal Agent a certificate signed by any director or any duly authorised officer of the Issuer or any other person or persons notified in writing to the Fiscal Agent and signed by any such director or duly authorised officer as being authorised to sign the aforementioned certificate which will state that the Issuer is entitled to effect such redemption and certifying that an Acquisition Event has occurred.

For the purposes of this Condition:

an “**Acquisition Event**” shall be deemed to have occurred if the Issuer (i) has not, on or prior to the Acquisition Completion Date (as specified in the Final Terms), completed and closed the acquisition of the Acquisition Target (as specified in the Final Terms) or (ii) has publicly announced that it no longer intends to pursue the acquisition of the Acquisition Target.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 9(j) or, if none is so specified, a Day Count Fraction of 30E/360.

- (k) *Purchase:* The Issuer or its Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price and such Notes may be held, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation (*provided that*, if the Notes are to be cancelled, they are purchased together with all unmaturing Coupons and unexchanged Talons relating to them).
- (l) *Cancellation:* All Notes redeemed by the Issuer and any unmaturing Coupons or unexchanged Talons attached to or surrendered with them shall be cancelled and all Notes so cancelled and any Notes cancelled pursuant to Condition 9(k) (*Purchase*) above (together with all unmaturing Coupons and unexchanged Talons cancelled with them) may not be reissued or resold.

- (b) *Interest:* Payments of interest shall, subject to paragraph (h) below, be made only against presentation and (*provided that* payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in paragraph (a) above.
- (c) *Payments in New York City:* Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.
- (d) *Payments subject to fiscal laws:* All payments in respect of the Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 11 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 11(b) (*Taxation*)) any law implementing an intergovernmental approach thereto.
- (e) *Commissions or Expenses:* No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (f) *Deductions for unmatured Coupons:* If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Note is presented without all unmatured Coupons relating thereto:
- (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; **provided, however, that** if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
- (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
- (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the “**Relevant Coupons**”) being equal to the amount of principal due for payment; **provided, however, that** where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
- (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; **provided, however, that**, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (*provided that* payment is made in full) surrender of the relevant missing Coupons.

- (g) *Unmatured Coupons void:* If the relevant Final Terms specifies that the Floating Rate Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to any of the provisions of Condition 9 (*Redemption and Purchase*) or Condition 12 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (h) *Payments on business days:* If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day in the place of presentation, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- (i) *Payments other than in respect of matured Coupons:* Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by paragraph (c) above).
- (j) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- (k) *Exchange of Talons:* On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Fiscal Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 13 (*Prescription*)). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

11. **Taxation**

- (a) All payments of principal and interest in respect of the Notes by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of Spain or any political subdivision or any authority thereof or therein having power to tax (“**Tax Jurisdiction**”) unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the Noteholders after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Notes:
 - (i) to, or to a third party on behalf of, a holder or Noteholder who is liable for such taxes or duties in respect of such Notes by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such Note; or
 - (ii) to a holder or Noteholder who is (or is deemed as) an entity or individual resident for tax purposes in a Tax Jurisdiction or acts (or is deemed as acting) with respect of the Notes through a permanent establishment located in a Tax Jurisdiction; or
 - (iii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder or Noteholder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Business Day; or
 - (iv) to, or to a third party on behalf of, a holder or Noteholder in respect of whose Notes the Issuer (or an agent acting on behalf of the Issuer) has not received information as may be necessary to allow payments on such Note to be made free and clear of withholding tax or deduction on account of any taxes imposed by a Tax Jurisdiction, including when the Issuer (or an agent acting on behalf of the Issuer) does not receive such information concerning such Noteholder’s identity and tax residence as may be required in order to comply with the procedures that may be implemented; or
 - (v) where taxes are imposed by a Tax Jurisdiction that are (a) payable otherwise than by withholding from a payment under, or with respect to, the Notes; or (b) any estate, inheritance, gift, sales, transfer, personal property or similar taxes imposed by a Tax Jurisdiction; or (c) solely due to the

appointment by an investor in the Notes, or any person through which an investor holds Notes, of a custodian, collection agent, person or entity acting on behalf of the investor of the Notes or similar person in relation to such Notes; or

(vi) any combination of items (i) through (v) above.

- (b) Notwithstanding any other provision of these Conditions, no additional amounts shall be payable with respect to any Notes if any withholding or deduction is required to be made from a payment from the Notes pursuant to sections 1471 through 1474 of the Code (or any amended or successor version that is substantively comparable and not materially more onerous to comply with), any current or future regulations or official interpretations thereof, any law or regulations adopted pursuant to an intergovernmental agreement between a non-U.S. jurisdiction and the United States with respect to the foregoing or any agreements entered into pursuant to section 1471(b) of the Code.

12. **Events of Default**

If any one or more of the following events (each an “**Event of Default**”) has occurred and is continuing:

- (a) *Non-payment*: the Issuer fails to pay any amount of principal in respect of the Notes within 14 days of the due date for payment thereof or fails to pay any amount of interest in respect of the Notes within 21 days of the due date for payment thereof; or
- (b) *Breach of other obligations*: the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes or as the case may be, the Agency Agreement, and such default remains unremedied for 30 days after written notice thereof, addressed to the Issuer by any Noteholder, has been delivered to the Issuer; or
- (c) *Cross-default of Issuer or Relevant Subsidiary*:

- (e) *Enforcement and Insolvency proceedings*: (i) in respect of the Issuer, an order is made by any competent court commencing insolvency proceedings (*procedimientos concursales*) against it or an order is made or a resolution is passed for the dissolution or winding up of the Issuer, and in respect of any of the Issuer's Relevant Subsidiaries, proceedings are initiated against any such Relevant Subsidiary under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (unless the exception stated in the aforementioned Condition 12(d) applies); or (ii) an encumbrancer takes possession of the whole or any substantial part of the undertaking or assets of the Issuer (or any of its Relevant Subsidiaries); or (iii) a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against the whole or any substantial part of the undertaking or assets of the Issuer (or any of its Relevant Subsidiaries); and in any case the event or events mentioned in this Condition 12(e) is or are not discharged within 30 days; or
- (f) *Unsatisfied judgment*: one or more final judgment(s) or order(s) for the payment of any amount which individually or in the aggregate exceeds €50,000,000 (or its equivalent in any other currency or currencies) is rendered against the Issuer or any of its Relevant Subsidiaries and continue(s) unsatisfied and unstayed for a period of 30 days after the date(s) thereof or, if later, the date therein specified for payment; or
- (g) *Security enforced*: any Security Interest created or assumed by the Issuer or any of its Relevant Subsidiaries becomes enforceable and any steps are taken to enforce it (including the taking of possession or the appointment of a receiver, administrative receiver, manager or other similar person) *provided that* the Indebtedness for Borrowed Money to which such Security Interest relates either individually or in aggregate exceeds €50,000,000 (or its equivalent in any other currency or currencies); or
- (h) *Arrangements with creditors*: the Issuer (or any of its Relevant Subsidiaries) initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors); or
- (i) *Failure to take action etc.*: any action, condition or thing at any time required to be taken, fulfilled or done in order to enable the Issuer lawfully to enter into, exercise its rights and perform and comply with its obligations under and in respect of the Notes is not taken, fulfilled or done, save to the extent that any lack of such action, condition or thing would not be material in the context of the issue of, and performance of the Issuer's obligations under the Notes; or
- (j) *Unlawfulness*: it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes,

then any Note may, by written notice addressed by the holder thereof to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, be declared immediately due and payable, whereupon it shall become immediately due and payable at its Early Termination Amount together with accrued interest (if any) without further action or formality.

When related to a Relevant Subsidiary, an Event of Default shall only be considered as such when the creditworthiness of the Issuer is materially weaker immediately after the occurrence of such event, where: "**materially weaker**" shall mean that (i) should the Issuer be rated solely by one credit rating agency, such credit rating agency modifies at least by three lower notches the ratings previously applied to the Issuer; and (ii) should the Issuer be rated by two or more credit rating agencies, at least two of such credit rating agencies modify at least by three lower notches the ratings previously applied to the Issuer.

For the purpose of this Condition 12 (*Events of Default*):

"**Days**" mean calendar days;

"**Indebtedness for Borrowed Money**" means any money borrowed, liabilities in respect of any acceptance credit, note or bill discounting facility, liabilities under any bonds, notes, debentures, loan stock, securities or other indebtedness by way of loan capital;

"**Investment Grade**" means a rating assigned by a credit rating agency which is at least equal to, or better than, Baa3 (in the case of Moody's), BBB- (in the case of Fitch or S&P) or an equivalent rating awarded by another credit rating agency;

“Relevant Subsidiaries” means at any time, a Subsidiary of the Issuer if the non-consolidated total assets and non-consolidated profits before tax of that Subsidiary equals or exceeds 10 per cent. of the consolidated total assets and of the consolidated profits before tax, respectively, of the Issuer and weighted accordingly to the stake of Voting Rights held by the Issuer in that Subsidiary from time to time;

For this purpose:

- (a) subject to paragraph (b) below:
 - (i) the non-consolidated total assets and non-consolidated profits before tax of a Subsidiary of the Issuer will be determined from its latest audited non-consolidated financial statements; and
 - (ii) the consolidated total assets and consolidated profits before tax of the Issuer will be determined from the latest audited consolidated financial statements of the Issuer;
- (b) if an entity becomes a Subsidiary of the Issuer after the date on which the latest audited non-consolidated financial statements of the Issuer were prepared:
 - (i) the non-consolidated total assets and non-consolidated profits before tax of that Subsidiary will be determined from its latest audited non-consolidated financial statements but adjusted to take account of such Subsidiary; and
 - (ii) the consolidated total assets and consolidated profits before tax of the Issuer will be determined from the latest audited consolidated financial statements of the Issuer, but adjusted to take account of such Subsidiary.
- (c) a Subsidiary which is or becomes a Relevant Subsidiary will remain a Relevant Subsidiary until the next audited consolidated financial statements of the Issuer show otherwise under paragraph (a) above;

“Subsidiary” means, in relation to an entity (the **“first person”**), any entity directly controlled by that first person where control is determined by: (i) holding the majority of the Voting Rights; (ii) having the power to appoint or dismiss the majority of the members of the governing body; (iii) being able to dispose, by virtue of agreements entered into with third parties, of the majority of the Voting Rights; and (iv) having employed its votes to appoint the majority of the members of the governing body who hold office at the moment when the consolidated accounts must be drawn up and during the two business years immediately preceding. Additionally, the Voting Rights of the controlling company shall be added to those it holds through other dependent companies, or through persons acting in its own name, but on account of the controlling company, or other dependent ones, or those with which it has made arrangements through any other person; and

“Voting Rights” means the right generally to vote at a general meeting of shareholders of the relevant entity (irrespective of whether or not, at the time, stock of any other class or classes shall have, or might have, voting power by reason of the happening of any contingency).

13. **Prescription**

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

14. **Replacement of Notes and Coupons**

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent (and, if the Notes are then admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system), subject to all applicable laws and competent authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

15. **Agents**

In acting under the Agency Agreement and in connection with the Notes and the Coupons, the Paying Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders or Couponholders.

The initial Paying Agents and their initial Specified Offices are listed below. The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer reserves the right any time to vary or terminate the appointment of any Paying Agent and to appoint a successor fiscal agent or Calculation Agent and additional or successor paying agents; **provided, however, that:**

- (a) the Issuer shall at all times maintain a fiscal agent; and
- (b) if a Calculation Agent is specified in the relevant Final Terms, the Issuer shall maintain a Calculation Agent for as long as any of the relevant Notes remains outstanding; and
- (c) if and for so long as the Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system.

Notice of any change in any of the Paying Agents or in their Specified Offices shall promptly be given to the Noteholders.

16. **Meetings of Noteholders; Modification and Waiver**

- (a) *Meetings of Noteholders:* The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer and shall be convened by it upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more Persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, one or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; **provided, however, that** Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which one or more Persons holding or representing not less than two thirds or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

Any such meeting of the Noteholders may be convened at a physical location, or such other method (which may include, without limitation, a conference call or video conference) as the Fiscal Agent may determine in accordance with the provisions of the Agency Agreement.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Notes, the Agency Agreement and these Conditions may be amended without the consent of the Noteholders or the Couponholders to (i) correct a manifest error, (ii) in order to make the relevant Benchmark Amendments pursuant to Condition 7(k) (*Benchmark Replacement (Independent Adviser)*) and (iii) to reflect a Substitute Debtor in accordance with Condition 18 (*Substitution of the Issuer*). In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

17. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

18. **Substitution of the Issuer**

- (a) The Issuer (or any substitute thereof in accordance hereto, and any reference in this Condition to the Issuer shall include a reference to any substitute thereof in accordance hereto) may, with respect to any Series of Notes issued by it (for the purpose of this Condition 18, the “**Relevant Notes**”), without the further consent of the Noteholders, be replaced and substituted by: (a) a wholly owned Subsidiary (either directly or indirectly) of the Issuer; or (b) by the Issuer’s sole shareholder Fundació Bancaria Caixa d’Estalvis i Pensions de Barcelona, “la Caixa”; as the principal debtor in respect of the Notes (for the purpose of this Condition 18, the “**Substitute Debtor**”), *provided that*:
- (i) the Issuer is not in default in respect of any amount payable under any of the Relevant Notes;
 - (ii) the Substitute Debtor has entered into a deed poll and such other documents (for the purpose of this Condition 18, the “**Documents**”) as are necessary to give effect to the substitution and in which the Substitute Debtor has undertaken in favour of each Noteholder of the Notes to be bound by these Conditions and the provisions of the Agency Agreement as the principal debtor in respect of the Relevant Notes as if it were the original issuer of the Notes;
 - (iii) unless the Substitute Debtor is the Issuer’s sole shareholder, the obligations of the Substitute Debtor under the Deed Poll and the Notes have been unconditionally and irrevocably guaranteed by the Issuer by means of a deed of guarantee (the “**New Guarantee**”);
 - (iv) if the Substitute Debtor is resident for tax purposes in a territory (for the purpose of this Condition 18, the “**New Residence**”) other than that in which the Issuer prior to such substitution was resident for tax purposes (for the purpose of this Condition 18, the “**Former Residence**”), the Documents contain an undertaking and/or such other provisions as may be necessary to ensure that each Noteholder has the benefit of an undertaking equivalent to that in Condition 11 (*Taxation*), with, where applicable, the substitution of references to the Former Residence with references to the New Residence. The Documents also contain a covenant by the Substitute Debtor and the Issuer to indemnify and hold harmless each Noteholder against all taxes or duties which arise by reason of a law or regulation having legal effect or being in reasonable contemplation thereof on the date such substitution becomes effective, which may be incurred or levied against such Noteholder as a result of any substitution pursuant to this Condition 18 (*Substitution of the Issuer*) and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, any and all taxes or duties which are imposed on any such Noteholder by any political sub-division or taxing authority of any country in which such Noteholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);
 - (v) the Documents contain a warranty and representation by the Substitute Debtor and the Issuer that (x) the Substitute Debtor and the Issuer have obtained all necessary governmental approvals and consents for such substitution and for the giving by the Issuer of the New Guarantee in respect of the obligations of the Substitute Debtor and for the performance by each of the Substitute Debtors and the Issuer of their respective obligations under the Documents and that all such approvals and consents are in full force and effect and (y) the substitution complies with all applicable requirements established under the applicable laws;
 - (vi) each stock exchange on which the Relevant Notes are listed has, expressly or implicitly, confirmed that, following the proposed substitution of the Substitute Debtor, the Relevant Notes will continue to be listed on such stock exchange (or the Substitute Debtor is otherwise satisfied of the same);
 - (vii) a legal opinion shall have been delivered to the Fiscal Agent (which may be viewed during normal business hours at the Specified Office of the Fiscal Agent) from lawyers of recognised standing in the country of incorporation of the Substitute Debtor, confirming, as appropriate, that upon the

substitution taking place the Relevant Notes are legal, valid and binding obligations of the Substitute Debtor enforceable in accordance with their terms;

- (viii) a legal opinion shall have been delivered to the Fiscal Agent (which may be viewed during normal business hours at the Specified Office of the Fiscal Agent) from lawyers of recognised standing in England that upon the substitution taking place the Documents (including the New Guarantee given by the Issuer in respect of the Substitute Debtor) constitute legal, valid and binding obligations of the parties thereto under English law;
 - (ix) unless the obligations of the Substitute Debtor under the Deed Poll and the Notes have been unconditionally and irrevocably guaranteed by the Issuer by means of the New Guarantee and, immediately prior to the substitution, the Issuer has a rating for long-term senior debt assigned by one of the Rating Agencies, the Substitute Debtor has (1) a rating for long-term senior debt assigned by one of the Rating Agencies equivalent to or higher than the long-term senior debt of the Issuer prior to the substitution; or (2) either (I) a rating of no more than three notches below that of the Issuer immediately prior to the substitution; or (II) a rating at least equal to the rating of the Issuer on the Issue Date of the Relevant Notes, whichever rating level in (I) or (II) is higher; and
 - (x) if applicable, the Substitute Debtor has appointed a process agent as its agent in England to receive service of process on its behalf in relation to any legal proceedings arising out of or in connection with the Relevant Notes and the Documents.
- (b) Upon the execution of the Documents and the delivery of the legal opinions, the Substitute Debtor shall succeed to, and be substituted for, and may exercise every right and power, of the Issuer under the Notes and the Agency Agreement with the same effect as if the Substitute Debtor had been named as the principal debtor in place of the Issuer herein, and the Issuer shall, upon the execution of the Documents, be released from its obligations and liabilities under the Relevant Notes and the Agency Agreement.
 - (c) After a substitution pursuant to Condition 18(a) the Substitute Debtor may, without the further consent of any Noteholder, effect a further substitution. All the provisions specified in Condition 18(a) and 18(b) shall apply, *mutatis mutandis*, and references in these Conditions to the Issuer shall, where the context so requires, be deemed to be or include references to any such further Substitute Debtor.
 - (d) After a substitution pursuant to Condition 18(a) or 18(c) any Substitute Debtor may, without the further consent of any Noteholder, reverse the substitution, *mutatis mutandis*.
 - (e) Copies of the Documents will be available free of charge at the Specified Office of the Fiscal Agent.
 - (f) Not later than 15 Business Days after the execution of the Documents, the Substitute Debtor shall give notice thereof to the Noteholders in accordance with Condition 19 (*Notices*).

19. **Notices**

Notices to the Noteholders shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) and, if the Notes are admitted to trading on Euronext Dublin and it is a requirement of applicable law or regulations, a leading newspaper having general circulation in Ireland or published on the website of Euronext Dublin (<https://live.euronext.com/>) or in either case, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders.

20. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower

whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

21. **Governing Law and Jurisdiction**

- (a) *Governing law:* The Notes and any non-contractual obligations arising out of or in connection with the Notes are, subject as provided below, governed by English law. The provisions of Condition 4 (*Status*), and any non-contractual obligations arising out of or in connection with them, are governed by Spanish law.

To the extent allowed by law, Noteholders may take concurrent Proceedings in any number of jurisdictions.

Nothing in this paragraph shall affect the right of any Noteholder to serve process in any other manner permitted by law.

FORM OF FINAL TERMS

DESCRIPTION OF THE ISSUER

1.1 History and development of the Issuer

1.1.1 Legal status

The Issuer and its subsidiaries form the “**CriteriaCaixa Group**” or the “**Group**”. “la Caixa” Foundation is the sole shareholder of the Issuer and the parent company of the CriteriaCaixa Group.

The Issuer has its registered office in the city of Palma (Balearic Islands), at Plaza Weyler, 3 (contact telephone number (+34) 93 409 21 21) with Tax Identification Number (N.I.F.) A-63379135 and is registered in the Palma de Mallorca Companies Register volume 2,733, page 82, sheet PM-82,742, inscription 2 with global LEI code 959800DQUAMVOK08004. The Issuer’s website is www.criteriacaixa.com (unless specifically incorporated by reference in this Base Prospectus, information contained on the website does not form part of this Base Prospectus).

“la Caixa” Foundation is governed by Law 26/2013, of 27 December, on savings banks and banking foundations (*Ley 26/2013, de 27 de diciembre, de cajas de ahorros y fundaciones bancarias*) as subsequently developed by the Bank of Spain through the Circular 6/2015, of 17 November 2015 and the Circular 7/2016, of 29 November 2016, issued pursuant to the authorisation provided by Royal Decree 877/2015, of 2 October 2015 (*Real Decreto 877/2015, de 2 de octubre, de desarrollo de la Ley 26/2013, de 27 de diciembre, de cajas de ahorros y fundaciones bancarias, por el que se regula el fondo de reserva que deben constituir determinadas fundaciones bancarias*) (the “**Savings Banks and Banking Foundations Law**”). Pursuant to the legal framework established by the Saving Banks and Banking Foundations Law, the banking foundations that hold a stake, directly or indirectly, of at least 30% in a credit entity must present on an annual basis a protocol for managing the bank investee, a basic Financial Plan supervised by the Bank of Spain and an Annual Corporate Governance Report, which is supervised by the Ministry of Economic Affairs and Digital Transformation.

CriteriaCaixa is governed by Royal Decree Legislative 1/2010, of 2 July 2010, approving the consolidated text of the Spanish Companies Act (*Ley de Sociedades de Capital*) (the “**Spanish Companies Act**”) and any developing and implementing regulation. Additionally, due to the fact that CriteriaCaixa’s sole shareholder is a banking foundation and that, as at 30 June 2022, CriteriaCaixa held a 30.01% stake in CaixaBank, CriteriaCaixa is indirectly subject to the Savings Banks and Banking Foundations Law and to the requirements and supervision of Spanish public authorities mentioned in the previous paragraph.

1.1.2 Incorporation process

CriteriaCaixa, formerly Criteria CaixaHolding, S.A.U. (prior to that Servihabitat XXI, S.A.U. and, originally, Gestora de Microfinances, S.A.U.), was incorporated on 16 December 2003 and is incorporated for an indefinite duration. The corporate resolutions whereby the company name was changed from Gestora de Microfinances, S.A.U. to Servihabitat XXI, S.A.U. were adopted on 16 July 2007 and executed in a public deed on 25 July 2007.

On 18 December 2013, the Issuer adopted the name Criteria CaixaHolding, S.A.U. pursuant to the reverse merger of Servihabitat XXI, S.A.U. (the absorbing company) and Criteria CaixaHolding, S.A.U. (the absorbed company). On 7 October 2015, the decisions adopted by the sole shareholder of the Issuer modifying the corporate name from Criteria CaixaHolding, S.A.U. to Criteria Caixa, S.A.U. were signed before a notary public and placed on public record.

1.1.3 European Central Bank’s (ECB) loss of supervision

CriteriaCaixa holds a direct interest in CaixaBank since the reorganisation of the “la Caixa” Foundation Group, which became effective on 14 October 2014. At that moment, CriteriaCaixa held 58.9% of the shares of CaixaBank and as a result of this interest, CriteriaCaixa was considered by the ECB to be a mixed financial holding company according to the Regulation (EU) No 575/2013 (the “**Capital Requirements Regulation**”).

In May 2016, the Board of Trustees (*Patronato*) of the “la Caixa” Foundation and CriteriaCaixa’s Board of Directors agreed to place on record their intent to comply, before the end of 2017, with the requirements announced by the ECB (i) in order for CriteriaCaixa to effectively relinquish control of CaixaBank for prudential deconsolidation purposes and hence to cease to be a mixed financial holding company, and (ii) in view of the fact that the European banking resolution authorities would have likely decided that the scope

of resolution would lie at the CriteriaCaixa Group level, which would effectively tie all of CriteriaCaixa's sole shareholder's net worth to one single investment.

The most significant requirements established by the ECB for such purposes were the following:

- a) Limit CriteriaCaixa's stake in CaixaBank to 40% for both voting and economic rights.
- b) Implement various corporate governance measures to limit CriteriaCaixa's influence on CaixaBank's governing bodies.
- c) Restrict to 0% CaixaBank's lending to the CriteriaCaixa Group/"la Caixa" Foundation and vice-versa. These had to be met within one year after the deconsolidation.

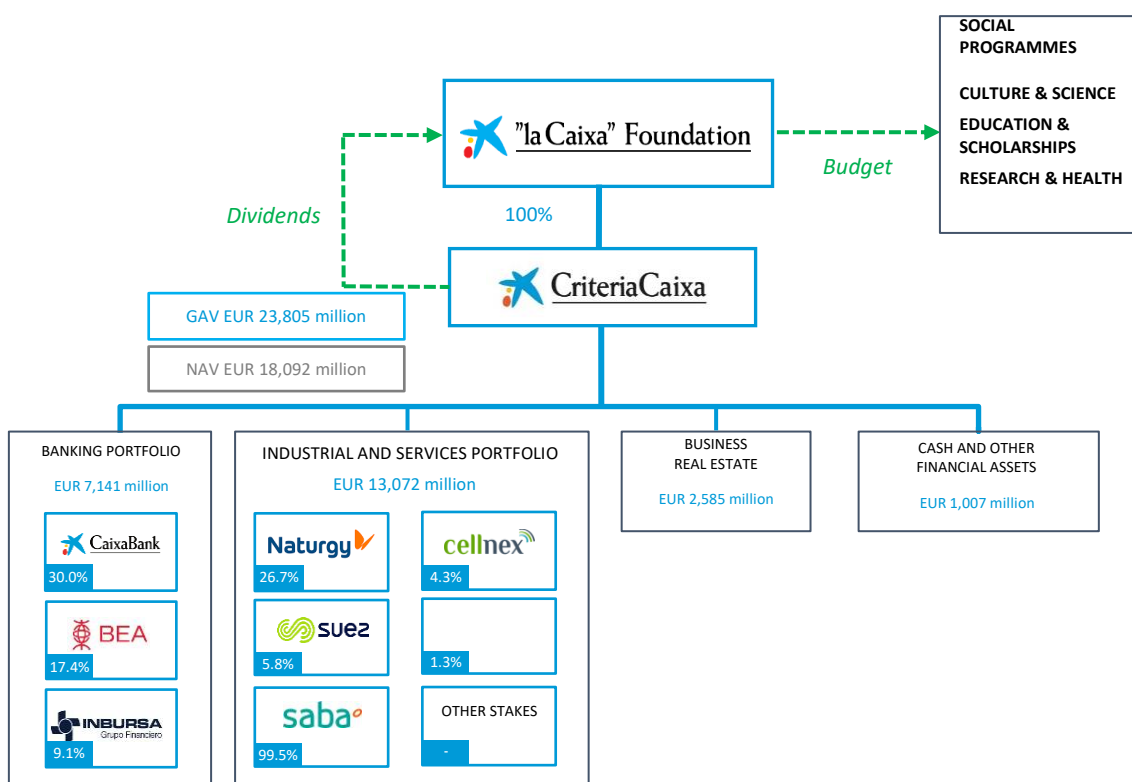

After several corporate transactions and decisions executed by CriteriaCaixa looking for the fulfilment of the requirements listed above, on 26 September 2017, the Governing Council of the ECB confirmed the loss of control by CriteriaCaixa over CaixaBank and it decided that, with effect from such date, CriteriaCaixa was no longer under its supervision.

Thus, CriteriaCaixa ceased to be considered as a mixed financial holding company for the purposes of Regulation (EU) No 575/2013 and the parent of a financial conglomerate, and was no longer required to comply with the capital requirements of the Capital Requirements Regulation. Additionally, due to the decision adopted by the Governing Council of the ECB on 26 September 2017, the Single Resolution Board considered that the scope of the Capital Requirements Regulation does not apply to the CriteriaCaixa Group. Nevertheless, CriteriaCaixa, as a wholly-owned affiliate of "la Caixa" Foundation, will continue being indirectly supervised by both the Bank of Spain and the Ministry of Economic Affairs and Digital Transformation, as stated in the Savings Banks and Banking Foundations Law, as long as its stake in CaixaBank stands above 10%. As at 30 June 2022, CriteriaCaixa's stake in CaixaBank was 30.01%.

1.1.4 The corporate structure of the CriteriaCaixa Group

As at 31 December 2021, CriteriaCaixa's GAV amounted to EUR23,805 million (EUR19,381 million as at 31 December 2020). Deducting CriteriaCaixa's gross debt ("**Gross Debt**"), its NAV totalled EUR18,092 million (EUR14,257 million as at 31 December 2020).

As at 31 December 2021, the CriteriaCaixa Group's corporate structure was as follows:

1.2 Main Developments

1.2.1 Main developments during the year ended 31 December 2021

Completion of the merger between CaixaBank and Bankia

The merger process between CaixaBank and Bankia was completed in the first quarter of 2021, with the effective date of the takeover being 23 March 2021, following the fulfilment of all the conditions precedent. The merger date for accounting purposes was 31 March 2021.

Based on Bankia's share capital at that date, the exchange ratio and CaixaBank's share price on the same date, the total value of the capital increase and, consequently, the acquisition cost of the merger amounted to EUR5,314 million (EUR2,079 million as the par value of the new shares plus EUR3,235 million as share premium). Following the capital increase, Criteria's stake in CaixaBank fell from 40.43% as at 31 December 2020 to 30.01%.

The shares of Bankia acquired by CaixaBank amounted to EUR13,088 million and, as part of the purchase price allocation ("PPA") process, CaixaBank valued assets, liabilities and contingent liabilities of the acquired entity, thus determining their fair value. The adjustments amounted to a negative amount of EUR3,474 million, net.

Following this process, CaixaBank recorded a gain equivalent to the goodwill of EUR4,300 million, with the amount attributable to Criteria being EUR1,290 million.

The impact of the merger on the Criteria Group's reserves and valuation adjustments (which were largely due to the dilution effect resulting from the 40.43% drop to 30.01% of CaixaBank's share capital and the capital increase) amounted to EUR-1,124 million and EUR134 million, respectively, which, together with the impact on results of the PPA process, generated a total impact on the Group's consolidated equity of EUR+300 million.

Strengthening of stake in Naturgy

On 18 May 2021, the Board of Directors of CriteriaCaixa agreed to strengthen CriteriaCaixa's position in Naturgy's share capital. This resolution was ratified by the Executive Committee of the "la Caixa" Foundation. CriteriaCaixa believes that its decision is consistent with the efficient and prudent management of its investment portfolio, which is focused on companies that offer a stable, long-term flow of dividends enabling CriteriaCaixa to guarantee the welfare projects of the "la Caixa" Foundation.

In 2021, CriteriaCaixa carried out a series of acquisitions of shares in Naturgy, totalling EUR407 million and representing 1.92% of Naturgy's share capital. As a result, as at 31 December 2021, Criteria's stake in Naturgy was 26.71% (24.79% as at 31 December 2020).

BEA

- Decrease of 0.04% of CriteriaCaixa's shareholding in BEA

During 2021, BEA carried out a series of capital increases, within the framework of its scrip dividend programme, resulting in a decrease of CriteriaCaixa's stake by 0.04%.

As at 31 December 2021, CriteriaCaixa's shareholding in BEA was 17.40%.

- Impairment of EUR350 million

An internal reassessment carried out by Criteria as at 31 December 2021 revealed the need to recognise an impairment of EUR-350 million on Criteria's stake in BEA, to reflect its recoverable value (See "*Risk Factors—I.D. Financial risks (Risks associated with the main financial variables)—I.D.1 Impairment of equity portfolio*").

Divestment of Vithas

In the second half of 2020, CriteriaCaixa initiated a divestment process to sell its 20% stake in the Spanish private hospital group Vithas Sanidad, S.L. ("**Vithas**"). As a result, in CriteriaCaixa's audited consolidated financial statements as of and for the year ended 31 December 2020, CriteriaCaixa's stake in Vithas was recorded under the line item "Non-current assets held for sale and discontinued operations".

On 19 April 2021, Criteria sold its stake in Vithas for EUR93 million.

Equity instruments

Following CriteriaCaixa's diversification strategy of its listed equity portfolio, CriteriaCaixa made net investments in listed equity instruments for an amount of EUR502 million during the year ended 31 December 2021, of which EUR196 million and EUR29 million corresponded to further investments in Cellnex and Telefónica, respectively. See also "*—1.3 Business Overview—1.3.2 Industrial and services portfolio*".

Exchangeable Bonds

On 22 June 2021, Criteria issued EUR200,000,000 exchangeable bonds due 2025 (the "**Exchangeable Bonds**"). The Exchangeable Bonds were issued with a zero coupon and yield to maturity of -0.62% (issue price of 102.5%) and are exchangeable into shares of Cellnex (with an exchange premium of 35%). The Exchangeable Bonds are listed on the Open Market segment of the Frankfurt Stock Exchange (*Freiverkehr*).

1.2.2 Main developments after 31 December 2021

Suez takeover bid

On 30 June 2021, the French Company Veolia Environnement S.A. ("**Veolia**") filed a final takeover bid targeting all the shares of Suez, S.A. ("**Suez**") with the French Stock Market regulator. The offering consisted of the payment of EUR19.85 per Suez share, net of dividends paid by Suez following the initial announcement of the takeover bid.

On 14 December 2021, the European Commission authorised the acquisition of Suez by Veolia and on 18 January 2022, Veolia proceeded to settle the takeover bid. As a result, Criteria has disposed of the entirety of its stake in Suez, receiving EUR736.6 million in exchange for its shares in Suez.

Senior bond maturity

On 22 April 2022, Criteria's senior bond with an aggregate principal amount of EUR1,000 million and an annual coupon of 1.625% matured.

Dividend distribution

As at the date of this Base Prospectus, the Board of Trustees of "la Caixa" Foundation has resolved to distribute dividends for an aggregate total amount of EUR205 million charged against the share premium, according to the following calendar:

- 21 February 2022: EUR60 million paid on 22 February 2022.
- 29 April 2022: EUR70 million paid on 12 May 2022.
- 20 June 2022: EUR75 million which is expected to be paid within two months following the date of the meeting.

BEA's capital increase and agreement with Elliot Investment Management

- On March 2022, BEA carried out a capital increase, within the framework of its scrip dividend programme, resulting in a decrease of CriteriaCaixa's stake by 0.07%.
- On 28 January 2022, BEA reached an agreement with Elliott Investment Management to acquire Elliott Investment Management's 8.43% stake in BEA, subject to regulatory clearance and shareholder approval at an extraordinary general meeting which took place on 28 March 2022. On 11 April 2022, the conditions were fulfilled and the shares held by Elliott Investment Management were bought back by BEA.
- On 20 April 2022, the redemption of these shares took place and, therefore, Criteria's stake in BEA increased from 17.33% to 18.91%.

1.3 Business Overview

The CriteriaCaixa Group has a dual mission: (i) to provide, through dividend distributions, the resources needed by "la Caixa" to develop and implement its social, welfare, cultural, research and educational initiatives and (ii) to grant perpetuity and growth to "la Caixa" Foundation's wealth through value generation.

(i) Welfare projects

"la Caixa" is the largest charitable foundation in Spain, and one of the largest foundations in Europe in terms of social investment, which was incorporated in 1904. "la Caixa" directly manages its welfare projects. Its mission is to build a better and fairer society, by providing more opportunities to those who most need them and furthering its firm commitment of improving the present and future lives of people. The welfare projects undertaken by "la Caixa" intend to be a point of reference for society in developing lasting solutions that:

- Meet the basic needs of the most vulnerable people.
- Foster the progress of the society, by responding to new challenges in research, high quality training and education.
- Make science and culture available to all segments of the society.

For over 115 years, Obra Social "la Caixa" has been promoting worthy causes in the realms of society, research, education, culture and science, focusing on three core values: social commitment, excellence and trust.

Over the last ten years, it has managed an aggregate budget of EUR5,000 million. "la Caixa" spent EUR494 million in 2021 in "social investments" (*inversión social*) (EUR502 million in 2020). A EUR515 million budget has been set aside for the year 2022.

For the year ended 31 December 2021, 59.6% of the 2021 budget was allocated to social programmes, 21.8% to culture and science, 9.6% to research and health and 9.0% to education and scholarships. The most significant activities within its three main categories of activities were the following:

- Social activities: fighting against poverty, promoting labour insertion and improving elderly people’s living conditions, comprehensive end-of-life care and facilitating access to housing, among others.
- Culture and science: “la Caixa” owns eight leading cultural and science centres in the most relevant Spanish cities. In addition, “la Caixa” promotes itinerant exhibitions as well as alliances with other leading museums in Spain and abroad.
- Education and fellowships: offering educational programmes, activities and resources to improve the learning opportunities of children while empowering teachers’ skills as key players of this transformative project.
- Research and health: focusing on, among other things, infectious diseases, oncology, cardiovascular diseases and neurosciences, as well as fellowships programmes in Spain and abroad.

Therefore, “la Caixa” Foundation has, throughout its history, always demonstrated a strong commitment to society and a vocation to improve well-being in general, both through all the activities, projects and initiatives described above, which are aligned with most of the United Nation’s (“UN”) Sustainable Development Goals, and through its involvement in the United Nations Compact, of which it is a member since 2005.

Furthermore, in 2021, the Economic and Social Council of the UN (“ECOSOC”) granted “la Caixa” Foundation special consultative status, which is the highest recognition given by the UN to non-governmental organisations, enabling “la Caixa” Foundation to take part in the organisation’s work and contribute to its agenda.

This recognition means that ECOSOC can ask “la Caixa” Foundation for advice, specific information and to carry out studies which the UN Secretary General can share with the members of the Council. It also enables the Foundation to attend international conferences and events at the UN, make written and oral statements, organise parallel events within the UN context, access UN facilities and build up its network.

The website of the “la Caixa” Foundation is www.fundacionlacaixa.org (unless specifically incorporated by reference in this Base Prospectus, information contained on any website referred to in this Base Prospectus does not form part of this Base Prospectus).

(ii) **Wealth management**

The investment and financial principles of CriteriaCaixa are the following:

Investment principles

CriteriaCaixa’s investment principles can be summarised as follows:

- Active investment management of the companies where Criteria is a reference shareholder and/or holds a significant stake. Influence through the governing bodies of these companies where Criteria has appointed Directors.
- Management focused on growing its diversification portfolio, with a long-term vision, by reaching a greater number of companies, industries, geographies and asset classes. The aim is to create value and ensure robust financial discipline.
- Investing in leading companies and in sectors flagged as showing greater growth potential, moderate risk and attractive returns.
- Prioritising liquid assets to ensure a regular flow of income.
- Investing in companies that are committed to sustainability, transparency and to contributing to society. Criteria does not invest in sectors which may directly harm society (such as arms, tobacco, strong alcoholic beverages, gambling and betting, among others).

CriteriaCaixa pursues an investment philosophy based on value creation, with a predominantly long-term vision that seeks to maintain a high-quality and well diversified portfolio (across sectors, companies, geographies and asset classes) capable of generating dividends or recurring returns and focusing on leading companies in their respective markets that are socially responsible and with a sound financial discipline.

At present, a substantial portion of CriteriaCaixa's portfolio comprises significant stakes in world-renowned companies (such as CaixaBank, Naturgy, BEA, Inbursa, Cellnex and Telefónica), representing 68.6% of its GAV as of 31 December 2021.

Additionally, with the aim of achieving greater portfolio diversification, CriteriaCaixa is currently in the process of investing in new companies located in different geographies and in a variety of sectors. These new investments are intended to be carried out in OECD countries' (mainly Europe and the United States) listed companies that offer dividend returns and/or growth potential, but without having a presence on their governing bodies to facilitate flexibility and the generation of liquidity.

As a result, the Issuer invests in diversified key economic and strategic sectors which are currently divided in three different portfolios:

- (i) the banking portfolio, which comprises the stakes in CaixaBank, BEA and Inbursa;
- (ii) the industrial and services portfolio, which comprises mainly Naturgy (energy), Cellnex (telecommunications infrastructure), Telefónica (telecommunications), Saba (parking lots), as well as certain listed companies across different economic sectors (automotive, consumer, infrastructures, pharmaceutical, etc.); and
- (iii) a real estate portfolio business managed by wholly owned subsidiaries.

Environmental, Social and Governance (“ESG”) considerations

The most significant investees composing CriteriaCaixa's portfolio (for example, CaixaBank, Naturgy and Cellnex) have well-defined ESG policies and strategies to reach a good position in the main ESG rankings.

CriteriaCaixa also takes ESG aspects into consideration when analysing new potential investments and monitoring existing ones. As part of this assessment, CriteriaCaixa evaluates both the sector or industry in which the investee operates (in accordance with the Group's negative screening policy) as well as its ESG performance.

In the real estate business specifically, CriteriaCaixa's aim is to support initiatives that promote sustainable management and environmental protection. For example, the Group's real estate development activities and office rental properties continuously seek to ensure the highest possible energy and sustainability ratings and standards.

In addition, the Group has various human resources policies in place which are rooted in building labour relations based on trust and respect, equal opportunities, open communication, proactivity and achieving excellence in the workplace.

Financial principles

The key features of CriteriaCaixa's financial principles are as follows:

- To maintain moderate debt levels that are sustainable in the mid/long run with a leverage ratio of around 20%.
- To have a predominantly long-term debt maturity profile.
- To use diversified funding sources to mitigate refinancing risk and availability of committed credit facilities so as to maintain comfortable levels of liquidity at all times.
- To maintain a high proportion of fixed rate debt to counter fluctuations in borrowing costs.
- To commit to maintain an investment grade credit rating at all times.

These investment and financial principles are intended to continue allowing CriteriaCaixa to fulfil its mission with the “la Caixa” Foundation.

GAV and NAV evolution

1.3.3 Real estate business

The management of the real estate assets of the CriteriaCaixa Group has been carried out internally since 2017 by the directly wholly-owned subsidiary Inmo Criteria Caixa, S.A.U. (“**InmoCriteria**”) which has an experienced team of professionals and proprietary information systems designed to provide end-to-end support for the entire real estate management process. The internal management of the assets enables InmoCriteria to accomplish its targets, by gaining strategic flexibility to ensure that its exposure to the real estate sector is better suited to Criteria’s general strategy.

The strategic lines of CriteriaCaixa Group’s real estate management business in the mid to long run can be summarised as follows:

- Enhance the portfolio of real estate rental assets by increasing the weight of office assets.
- Develop strategic land assets through projects to unlock real estate value.
- Rotation: divestment of assets to commercialise in order to fund the aims explained above.

The table below provides the evolution of the net book value valuations of CriteriaCaixa Group’s real estate portfolio as of and for the year ended 31 December 2021.

As at 31 December 2021, the CriteriaCaixa Group had a real estate portfolio with a net book value of EUR2,585 million, which is divided into the following type of assets: rental activity, strategic land for development and assets which are intended to be sold. The assets comprising CriteriaCaixa's real estate portfolio are mainly distributed across Spain, with the main provinces as at 31 December 2021 being Barcelona (23%), Madrid (17%) and Tarragona (15%).

As at 31 December 2021, the CriteriaCaixa Group's portfolio of assets for rent had a net book value of EUR1,160 million. 20% of this portfolio's net book value was allocated to offices and 80% to residential properties. CriteriaCaixa's strategy in respect of this portfolio's net book value is to improve their long-term income and rebalancing from residential rentals to offices rentals. Properties are located throughout the Spanish territory. Specifically, the office rental segment is mainly concentrated in Madrid and Barcelona.

The portfolio of strategic land for development had a net book value of EUR780 million as of 31 December 2021, which comprised (i) special land projects and (ii) new construction.

Special land projects are land under management for future development, mainly residential, which includes the following:

- INFINITUM Project, which lies on the Costa Daurada (Tarragona). Current uses allow for the development of approximately 2,350 housing units (the first 150 currently under construction and being marketed) and some 250,000 sqm of hotel-commercial use. It includes three golf courses and a beach club, already in operation.
- ANDORRA, which is a land development in Encamp with building rights of 455,000 sqm and a variety of alternative uses.

With regard to the development of new building works, as at 31 December 2021, a total of six developments were under construction and/or marketing, in locations such as Tres Cantos (Madrid), Barcelona, Girona, Urdúliz (Vizcaya), Sanxenxo (Pontevedra) and Platja d'Aro (Girona), with a planned total of 362 housing units.

As at 31 December 2021, the assets for sale consisted of a portfolio with a net book value of EUR369 million. This portfolio comprises some 8,009 assets, mostly housing units, with a low unit value and distributed throughout all of Spain, which are held for sale based on the expected value of the property. The special land held for sale portfolio has a net book value of EUR276 million as at 31 December 2021 and comprises fewer than 150 assets.

During the year ended 31 December 2021, sales of real estate assets by CriteriaCaixa decreased by 21% mainly due to the lower number of housing units being marketed in new-build developments available for sale, with proceeds from sales totalling EUR131 million (EUR165 million during the year ended 31 December 2020).

Rentals, grants, subsidies and other income contributed a total of EUR46 million during the year ended 31 December 2021 (an increase of 2.2% when compared to the year ended 31 December 2020), mainly due to higher occupancy levels in the office segment.

Operating expenses during the year ended 31 December 2021 improved by around 3% when compared to the year ended 31 December 2020, reaching EUR37 million, due to the cost-to-income policies that the CriteriaCaixa Group implemented, as well as a reduction in the number of units to commercialise under management.

The value of certain real estate assets of the CriteriaCaixa Group faced downward pressure from the COVID-19 pandemic, prompting the CriteriaCaixa Group to recognise an impairment of EUR27 million in the year ended 31 December 2020, mainly affecting the portfolio of assets to commercialise. In 2021, EUR1 million of these provisions were reversed.

In accordance with the Savings Banks and Banking Foundations Law, "la Caixa" Foundation's Board of Trustees (*Patronato*) modifies or, where appropriate, ratifies the management protocol every year and submits it to the approval of the Bank of Spain, after which Criteria's Board of Directors acknowledges the modification or ratification agreed by "la Caixa" Foundation.

1.6 Financial information concerning the Issuer’s assets and liabilities, financial position and profit and loss

1.6.1 Historical financial information

CriteriaCaixa’s audited consolidated and standalone annual accounts as at and for the years ended 31 December 2021 and 31 December 2020, prepared in accordance with International Financial Reporting Standards, as adopted by the EU (“**IFRS-EU**”) and Spanish National Chart of Accounts (*Plan General de Contabilidad*), are incorporated by reference in this Base Prospectus (please see section entitled “*Information Incorporated by Reference*”).

The auditor of CriteriaCaixa has expressed an unqualified opinion on the consolidated and the standalone annual accounts of CriteriaCaixa as of and for each of the years ended 31 December 2021 and 2020.

The annual accounts, the management reports of the Issuer for the years 2021 and 2020 together with the corresponding auditor reports can be consulted during the term of validity of the Base Prospectus via the website of CriteriaCaixa on the webpages referred to above in section entitled “*Information Incorporated by Reference*” (the information on the corporate website of CriteriaCaixa does not form part of the Base Prospectus unless that information is incorporated by reference into the Base Prospectus) and have been incorporated by reference in this Base Prospectus (please see section entitled “*Information Incorporated by Reference*”).

1.6.2 Age of latest financial information

The most recent audited financial information included in this Base Prospectus corresponds to the financial year ended 31 December 2021. Consequently, this information has been prepared within 18 months of the date of this Base Prospectus.

1.7 Legal and arbitration proceedings

Certain lawsuits and proceedings were ongoing involving the CriteriaCaixa Group and arising from the ordinary course of its operations in the previous twelve months prior to the date of this Base Prospectus.

As at the date of this Base Prospectus, the CriteriaCaixa Group’s companies are subject to claims. Therefore, they are party to certain legal proceedings arising from the normal course of their business, including claims in connection with real estate activities, relationships with employees and other commercial or tax matters. Accordingly, the outcome of court proceedings must be considered uncertain.

Based on available information, the CriteriaCaixa Group considers that as at 31 December 2021 and 31 December 2020, it had reliably estimated the obligations arising from each proceeding and had recognised, where appropriate, sufficient provisions to reasonably cover the liabilities that may arise as a result of these tax and legal situations. It also considers that any responsibility arising from these procedures will not, as a whole, have a material adverse effect on the Group’s businesses, financial position or results of operations.

As at 31 December 2021, the provisions covering obligations that may arise from various ongoing legal proceedings amounted to EUR5 million, the individual amounts of which are not material. Given the nature of these obligations, the expected timing of outflows of resources embodying economic benefits, should they arise, is unknown. As at the date of this Base Prospectus, CriteriaCaixa’s management considers that these provisions are sufficient to cover the Group’s contingent liabilities.

1.8 Material contracts

There are no material contracts entered into outside the ordinary course of business by the Group which could result in the Issuer being under an obligation or entitlement that adversely affects the Issuer’s ability to meet its obligations to Noteholders in respect of the Notes.

1.9 Dividends paid to the sole shareholder

In 2020, the Issuer distributed an aggregate total amount of EUR390 million charged against the share premium.

In 2021, the Issuer distributed an aggregate total amount of EUR360 million charged against the share premium.

As at the date of this Base Prospectus, the Board of Trustees of “la Caixa” Foundation has resolved to distribute dividends for an aggregate total amount of EUR205 million charged against the share premium, according to the following calendar:

- 21 February 2022: EUR60 million paid on 22 February 2022.
- 29 April 2022: EUR70 million paid on 12 May 2022.
- 20 June 2022: EUR75 million which is expected to be paid within two months following the date of the meeting.

TAXATION

The following summary is a general description of certain Spanish tax considerations relating to the Notes. It does not constitute tax advice and does not purport to be a complete analysis of all tax considerations relating to the Notes, as applicable, whether in Spain or elsewhere, and does not deal with the tax consequences applicable to all categories of investors, some of which might be subject to special rules. Prospective investors should consult their own tax advisors as to the consequences under the tax laws of the country of which they are resident for tax purposes and under the tax laws of Spain of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. Furthermore, this summary does not take into account the regional special tax regimes in force in the Basque Country and Navarre, or the regulations adopted by the Spanish Autonomous Regions.

This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date. As a result, this description is subject to any changes in such laws or interpretations occurring after the date hereof, including changes having retroactive effect.

References in this section to Noteholders include the beneficial owners of the Notes. Investors should also note that the appointment by an investor in the Notes, or any person through which an investor holds Notes, of a custodian, collection agent or similar person in relation to such Notes in any jurisdiction may have tax implications. Investors should consult their own tax advisors in relation to the tax consequences for them of any such appointment.

Spanish tax considerations

Introduction

The information provided below has been prepared in accordance with the following Spanish tax legislation in force at the date of this Base Prospectus:

- (i) of general application, First Additional Provision of Law 10/2014, of 26 June on the management, supervision and solvency of credit institutions (“**Law 10/2014**”) along with Royal Decree 1065/2007, of 27 July establishing information obligations in relation to preferential holdings and other debt instruments and certain income obtained by individuals resident in the European Union and other tax rules (“**Royal Decree 1065/2007**”);
- (ii) for individuals with tax residency in Spain who are individual income tax (“**IIT**”) taxpayers, Law 35/2006, of 28 November 2006, on IIT and on the partial amendment of the Corporate Income Tax Law, Non Residents Income Tax Law and Wealth Tax Law (“**IIT Law**”), as well as Royal Decree 439/2007, of 30 March 2007, promulgating the IIT Regulations, along with Law 19/1991, of 6 June 1991, on the Net Wealth Tax and Law 29/1987, of 18 December 1987, on the Inheritance and Gift Tax (“**IGT**”);
- (iii) for legal entities resident for tax purposes in Spain which are subject to the Spanish Corporate Income Tax (“**CIT**”), Law 27/2014, of 27 November 2014, on CIT and Royal Decree 634/2015, of 10 July 2015, promulgating the CIT Regulations; and
- (iv) for individuals and entities who are not resident for tax purposes in Spain which are subject to the Spanish Non-Resident Income Tax (“**NRIT**”), Royal Legislative Decree 5/2004, of 5 March 2004, promulgating the Consolidated Text of the NRIT Law, and Royal Decree 1776/2004, of 30 July 2004, promulgating the NRIT Regulations, along with Law 19/1991, of 6 June 1991, on the Net Wealth Tax and Law 29/1987, of 18 December 1987, on IGT.

Whatever the nature and residence of the beneficial owners of the Notes, the acquisition and transfer of the Notes will be exempt from indirect taxes in Spain, *i.e.*, exempt from transfer tax and stamp duty, in accordance with the Consolidated Text of such taxes promulgated by Royal Legislative Decree 1/1993, of 24 September 1993, and exempt from value added tax, in accordance with Law 37/1992, of 28 December 1992, regulating such tax.

The Issuer understands that the Notes should be deemed as financial assets with an explicit yield for Spanish tax purposes, defined in article 91 of the IIT Regulations and article 63 of the CIT Regulations.

Individuals with Tax Residency in Spain

Individual Income Tax (*Impuesto sobre la Renta de las Personas Físicas*)

Spanish individuals with tax residency in Spain are subject to IIT on a worldwide basis. Accordingly, income obtained from the Notes will be taxed in Spain when obtained by persons that are considered

resident in Spain for tax purposes. The fact that a Spanish company pays interest or guarantee payments under a Note will not lead an individual or entity being considered tax-resident in Spain.

Both, interest periodically received and income deriving from the transfer, redemption or repayment of the Notes constitute income obtained from the transfer of a person's own capital to third parties in accordance with the provisions of Section 25.2 of the IIT Law, and therefore must be included in each investor's IIT savings taxable base and taxed at the tax rate applicable from time to time, currently at a flat rate of 19% for taxable income up to EUR6,000.00, 21% for taxable income between EUR6,000.01 and EUR50,000.00; 23% for taxable income between EUR50,000.01 and EUR200,000.00; and 26% for any amount in excess of EUR200,000.00.

As a general rule 19% withholding on account of IIT will be imposed by the Issuer on interest payments as well as on income derived from the redemption or repayment of the Notes, by individual investors subject to IIT.

However, according to article 44.5 of the regulations approved by Royal Decree 1065/2007, in the case of debt listed securities issued under Law 10/2014 and initially registered in a foreign clearing and settlement entity that is recognised under Spanish regulations or under those of another OECD member state (as the Notes issued by the Issuer), the Issuer will make interest payments to individual holders who are resident for tax purposes in Spain without withholding provided that the relevant information about the Notes (as described below in "*Information about the Notes in Connection with Payments*") is submitted by the Fiscal Agent; and it would not be necessary to provide the Issuer with the identity of the holder who are individuals resident in Spain for tax purposes or to indicate the amount of income attributable to such individuals.

However, withholding tax at the applicable rate of 19% may have to be deducted by other entities (such as depositaries, institutions or financial entities).

In any event, the individual holder may credit the withholding tax applied by the Issuer against his or her final IIT liability for the relevant tax year.

Net Wealth Tax (*Impuesto sobre el Patrimonio*)

Wealth Tax may be levied in Spain on resident individuals, on a worldwide basis

Generally, individuals with tax residency in Spain are subject to Wealth Tax to the extent that their net worth exceeds EUR700,000 (subject to any exceptions provided under relevant legislation in an Autonomous Region (*Comunidad Autónoma*). Therefore, they should take into account the value of the Notes which they hold as at 31 December in each year, the applicable rates ranging between 0.2% and 3.5%. However, as the Autonomous Regions are entitled to apply their own regulation on such tax, this rate will just apply to the regions that have not approved their own net wealth tax schedules.

Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)

Individuals who are resident in Spain for tax purposes and who acquire ownership or other rights over any Notes by inheritance, gift or legacy will be subject to the Spanish IGT in accordance with the applicable Spanish regional and state rules. As at the date of this Base Prospectus the effective tax rates range between 0% and 81.6%, depending on various factors, such as the amount of the gift or inheritance, the net wealth of the heir or beneficiary of the gift, and the kinship with the deceased or the donor. However, this taxation may vary depending on the Spanish autonomous region of tax residence of the corresponding Noteholder.

Legal Entities with Tax Residency in Spain

Corporate Income Tax (*Impuesto sobre Sociedades*)

Both, interest periodically received and income derived from the transfer, redemption or repayment of the Notes are subject to CIT at the general flat tax rate of 25% in accordance with the rules for such tax.

In accordance with article 44.5 of the regulations approved by Royal Decree 1065/2007, in the case of debt listed securities issued under Law 10/2014 and initially registered in a foreign clearing and settlement entity that is recognised under Spanish regulations or under those of another OECD member state (as the Notes issued by the Issuer), there is no obligation to withhold on income payable to Spanish CIT taxpayers (which for the sake of clarity, include Spanish tax resident investment funds and Spanish tax resident pension funds). Consequently, the Issuer will not withhold on interest payments to Spanish CIT taxpayers provided that the relevant information about the Notes (as described below in "*Information about the Notes in Connection with Payments*") is submitted by the Fiscal Agent.

In addition, with regard to income derived from the transfer of the Notes, in accordance with article 61.q

of the CIT regulations, there is no obligation to withhold on income obtained by Spanish CIT taxpayers (which include Spanish tax resident investment funds and Spanish tax resident pension funds) provided that the Notes are:

- (i) registered by way of book-entries (*anotaciones en cuenta*); and
- (ii) negotiated in a Spanish official secondary market (*mercado secundario oficial*), such as AIAF.

However, withholding tax at the current rate of 19% may have to be deducted by other entities (such as depositaries, institutions or financial entities) if the Notes do not comply with the exemption requirements specified in the ruling issued by the Spanish General Directorate of Taxes (*Dirección General de Tributos*) dated 27 July 2004 (that is, placement of the Notes outside of Spain in another OECD country and admission to listing of the Notes on an organised market in an OECD country other than Spain).

The amounts withheld, if any, may be credited by the relevant investors against their final CIT liability.

Net Wealth Tax (*Impuesto sobre el Patrimonio*)

Legal entities resident in Spain for tax purposes are not subject to Spanish Wealth Tax.

Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)

Legal entities resident in Spain for tax purposes that acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to the IGT but generally must include the market value of the Notes in their taxable income for CIT purposes.

Individuals and Legal Entities with no Tax Residency in Spain

- 1) *Investors with no Tax Residency in Spain, acting through a Permanent Establishment in Spain*

Non-Resident Income Tax (*Impuesto sobre la Renta de no Residentes*)

Ownership of the Notes by investors who are not resident in Spain for tax purposes will not in itself create the existence of a permanent establishment in Spain.

If the Notes form part of the assets allocated to a permanent establishment in Spain of a person or legal entity that is not resident in Spain for tax purposes, the tax rules applicable to income deriving from such Notes are, generally, the same as those set forth above for Spanish CIT taxpayers. See “—*Legal Entities with Tax Residency in Spain-Corporate Income Tax (Impuesto sobre Sociedades)*.”

- 2) *Investors with no Tax Residency in Spain not acting through a Permanent Establishment in Spain*

(A) *Non-Resident Income Tax (*Impuesto sobre la Renta de no Residentes*)*

Both, interest payments periodically received under the Notes and income derived from the transfer, redemption or repayment of the Notes, obtained by individuals or entities who are not resident in Spain for tax purposes and who do not act, with respect to the Notes, through a permanent establishment in Spain, are exempt from NRIT on the same terms laid down for income from public debt. Furthermore, the Issuer has no obligation to withhold any tax amount for interest paid to holders who are Non-Resident Income taxpayers with no permanent establishment in Spain provided that certain requirements are met, including that in respect of interest payments from the Notes carried out by the Issuer, the Fiscal Agent provides the Issuer with the relevant information about the Notes, by delivering in a timely manner with a duly executed and completed Payment Statement in respect of the Notes as defined below, as set forth under article 44.5 of the regulations approved by Royal Decree 1065/2007. See “*Information about the Notes in Connection with Payments*”.

(B) *Net Wealth Tax (*Impuesto sobre el Patrimonio*)*

This tax is only applicable to individuals (Non-Spanish resident legal entities are not subject to Wealth Tax). However, individuals resident in a country with which Spain has entered into a double tax treaty in relation to Net Wealth Tax would generally not be subject to such tax. Otherwise, non-Spanish resident individuals whose properties and rights are located in Spain, or that can be exercised within the Spanish territory (such as the Notes issued by the Issuer) exceed EUR700,000 would be subject to Net Wealth Tax, the applicable rates ranging between 0.2% and 3.5%, although the final tax rates may vary depending on any applicable regional tax laws, and some reductions may apply.

However, non-Spanish tax resident individuals will be exempt from Wealth Tax in respect of the Notes whose income is exempt from NRIT as described above.

If the exemptions outlined above do not apply, non-Spanish tax resident holders may be entitled to apply

the specific regulation of the Autonomous Region where their most valuable assets are located and which trigger this Spanish Net Wealth Tax due to the fact that they are (i) located, (ii) can be exercised, or (iii) must be fulfilled, within the Spanish territory. As such, prospective investors should consult their tax advisers.

Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)

Individuals not resident in Spain for tax purposes who acquire ownership or other rights over the Notes by inheritance, gift or legacy, will be subject to IGT in accordance with the applicable Spanish state rules, unless they reside in a country for tax purposes with which Spain has entered into a treaty for the avoidance of double taxation in relation to IGT. In such case, the provisions of the relevant treaty for the avoidance of double taxation will apply.

If no treaty for the avoidance of double taxation in relation to IGT applies, effective IGT rates would range between 0% and 81.6%, depending on various factors, such as the amount of the gift or inheritance, the net wealth of the heir or beneficiary of the gift, the kinship with the deceased or the donor and the qualification for tax benefits.

These factors may vary depending on the application of the state or the autonomous regions IGT governing laws. Generally, non-Spanish tax resident individuals are subject to Spanish state rules. However, if the deceased, heir or the donee, as the case may be, is tax resident in any jurisdiction other than Spain, depending on the specific situation, the applicable rules will be those corresponding to the relevant autonomous regions according to the law.

Non-Spanish tax resident legal entities that acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to IGT. Such acquisitions may be subject to NRIT as capital gains (as described above), unless otherwise applicable under the provisions of any applicable treaty for the avoidance of double taxation entered into by Spain. In general, treaties for the avoidance of double taxation provide for the taxation of this type of income in the country of tax residence of the beneficiary owner.

Information about the Notes in Connection with Payments

The Issuer is currently required by Spanish law to file an annual return with the Spanish tax authorities in which they report on certain information relating to the Notes.

In particular, in accordance with article 44.5 of the regulations approved by Royal Decree 1065/2007, for the purposes of preparing the tax annual to be submitted by the Issuer, certain information with respect to the Notes must be submitted by the Fiscal Agent in a timely manner (i.e. before the close of business on the business day immediately preceding the date on which any payment of interest, principal or any amount in respect of the early redemption of the Notes is due) in the form of a duly executed and completed statement (the “**Payment Statement**”) which shall include the following information:

- (a) Identification of the Notes in respect of which the relevant payment is made;
- (b) Date on which relevant payment is made;
- (c) the total amount of the relevant payment; and
- (d) the amount of the relevant payment and to each entity that manages a clearing and settlement system for securities situated outside Spain.

In light of the above, the Issuer and the Fiscal Agent have arranged certain procedures to facilitate the collection of information concerning the Notes.

However, if the Issuer does not receive in a timely manner the relevant Payment Statement, the Issuer may be required to withhold taxes at the applicable rate of 19% from any payment in respect of the relevant Notes as to which the required information has not been provided.

If this were to occur, affected beneficial owners will receive a refund of the amount withheld, with no need for action on their part, if a duly executed and completed Payment Statement is delivered to the Issuer no later than the 10th calendar day of the month immediately following the relevant payment date. In addition, beneficial owners may apply directly to the Spanish tax authorities for any refund to which they may be entitled, according to the procedures set forth in the Spanish NRIT Law.

Prospective investors should note that the Issuer does not accept any responsibility relating to the lack of delivery of a duly executed and completed Payment Statement to the Issuer in connection with each payment of income under the Notes. Accordingly, the Issuer will not be liable for any damage or loss suffered by any beneficial owner who would otherwise be entitled to an exemption from

Spanish withholding tax but whose income payments are nonetheless paid net of Spanish withholding tax because the Payment Statement was not duly delivered to the Issuer. Moreover, the Issuer will not pay any additional amounts with respect to any such withholding tax.

Disclosure of Noteholder Information in connection with the Redemption or Repayment of Zero Coupon Notes:

In accordance with section 5 of article 44 of the Royal Decree 1065/2007, in the case of Zero Coupon Notes with a maturity of 12 months or less, the information obligations established in Section 44 (see “*Information about the Notes in Connection with Payments*” above) will have to be complied with upon the redemption or repayment of the Zero Coupon Notes.

The proposed Financial Transactions Tax (“EU FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common EU FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**Participating Member States**”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s Proposal, EU FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, “established” in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

In the ECOFIN meeting of 17 June 2016, the EU FTT was discussed between the EU Member States. It was reiterated in this meeting that participating Member States envisage introducing an EU FTT by means of the so-called enhanced cooperation.

The proposed Directive defines how the EU FTT would be implemented in participating Member States. It involves a minimum 0.1% tax rate for transactions in all types of financial instruments, except for derivatives that would be subject to a minimum 0.01% tax rate.

The EU FTT proposal remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. It may therefore be changed prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and participating Member States may withdraw. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the EU FTT.

The Spanish financial transactions tax

On 16 October 2020, the Spanish Parliament approved Law 5/2020, of 15 October, on the Tax on Financial Transactions (“**Spanish FTT Law**”) introducing the Spanish Financial Transaction Tax (“**Spanish FTT**”) that has entered into force on 16 January 2021.

It is to be noted, however, that the preamble of the Spanish FTT Law states that Spain would continue to participate in the enhanced co-operation for the approval of the EU FTT and, if finally approved, Spain would adapt the Spanish FTT to align it with the EU FTT.

The Spanish FTT is broadly aligned with the French and Italian financial transactions tax. Specifically, the Spanish FTT is an indirect tax levied a rate of 0.2% on the acquisitions for consideration of shares issued by Spanish companies regardless of the residency of the parties involved in the transaction, or of the jurisdiction where the shares are traded, provided that they comply with the following conditions: (i) the shares should be admitted to trading on a regulated market under Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments (or in a foreign market declared equivalent by the European Commission) and (ii) the stock market capitalisation value of the

company should exceed EUR1,000 million. The Spanish FTT will be payable on a monthly basis.

However, according to the Spanish FTT Law, the Spanish FTT should not apply in relation to an issue of Notes under the Programme.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the Spanish FTT.

FATCA Withholding

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“**foreign passthru payments**”) to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including the Kingdom of Spain) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, proposed regulations have been issued that provide that such withholding would not apply prior to the date that is two years after the date on which final regulations defining “foreign passthru payments” are published in the U.S. Federal Register. In the preamble to the proposed regulations, the U.S. Treasury Department indicated that taxpayers may rely on these proposed regulations until the issuance of final regulations. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of Morgan Stanley Europe SE (the “**Dealers**”). The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and subscribed by, Dealers are set out in a Dealer Agreement dated 20 July 2022 (the “**Dealer Agreement**”) and made between the Issuer and the Dealers. If in the case of any Tranche of Notes the method of distribution is an agreement between the Issuer and a single Dealer for that Tranche to be issued by the Issuer and subscribed by that Dealer, the method of distribution will be described in the relevant Final Terms as “Non-Syndicated” and the name of that Dealer and any other interest of that Dealer which is material to the issue of that Tranche beyond the fact of the appointment of that Dealer will be set out in the relevant Final Terms. If in the case of any Tranche of Notes the method of distribution is an agreement between the Issuer and more than one Dealer for that Tranche to be issued by the Issuer and subscribed by those Dealers, the method of distribution will be described in the relevant Final Terms as “Syndicated”, the obligations of those Dealers to subscribe the relevant Notes will be joint and several and the names and addresses of those Dealers and any other interests of any of those Dealers which is material to the issue of that Tranche beyond the fact of the appointment of those Dealers (including whether any of those Dealers has also been appointed to act as Stabilisation Manager in relation to that Tranche) will be set out in the relevant Final Terms.

Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be subscribed by the Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such subscription. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes. Each new Dealer so appointed will be required to represent, warrant and undertake to the following selling restrictions as part of its appointment.

Kingdom of Spain

Each Dealer and the Issuer have represented and agreed that the offers of the Notes in Spain will be directed specifically at or made to professional clients (*clientes profesionales*) as this term is defined in Article 205 of the Restated Text of the Spanish Securities Market Law approved by Legislative Royal Decree 4/2015 (*Real Decreto Legislativo 4/2015, de 23 de octubre, por el que se aprueba el texto refundido de la Ley del Mercado de Valores*) (as amended, the “**Spanish Securities Market Law**”), and Article 58 of Royal Decree 217/2008, of 15 February, on the legal regime for investment services companies and other entities providing investment services (*Real Decreto 217/2008, de 15 de febrero, sobre el régimen jurídico de las empresas de servicios de inversión y de las demás entidades que prestan servicios de inversión*), and

eligible counterparties (*contrapartes elegibles*) as defined in Article 207 of the Spanish Securities Market Law in circumstances which do not require the registration of a prospectus. This Base Prospectus shall not be registered with the Spanish Securities Market Commission (*Comisión Nacional del Mercado de Valores*) and therefore this Base Prospectus is not intended for any public offer of Notes in Spain non-exempted from the prospectus registration requirements.

Republic of Italy

The offering of the Notes has not been registered with the Commissione Nazionale per le Società e la Borsa (“**CONSOB**”) pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, save as set out below, it has not offered or sold, and will not offer or sell, any Notes in the Republic of Italy in an offer to the public, and that sales of the Notes in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulations.

Accordingly, each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver any Notes or distribute copies of this Base Prospectus and any other document relating to the Notes in the Republic of Italy except:

- (a) to “qualified investors” (*investitori qualificati*), as defined in the EU Prospectus Regulation and any applicable provision of Legislative Decree no. 58 of 24 February 1998 (“**Decree No. 58**”) and Italian CONSOB regulations, all as amended from time to time; or
- (b) in any other circumstances where an express exemption from compliance with the offer restrictions applies, as provided under the EU Prospectus Regulation, Decree No. 58 or CONSOB Regulation No. 11971 of 14 May 1999 (“**Regulation No. 11971**”), as amended from time to time, and the applicable Italian laws.

Any such offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy must be:

- (a) made by investment firms, banks or financial intermediaries permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 385 of 1 September 1993 as amended, Decree No. 58, CONSOB Regulation No. 20307 of 15 February 2018, as amended and any other applicable laws and regulations;
- (b) in compliance with Article 129 of Legislative Decree No. 385 of 1 September 1993, as amended, pursuant to which the Bank of Italy may request information on the issue or the offer of securities in the Republic of Italy and the relevant implementing guidelines of the Bank of Italy issued on 25 August 2015 (as amended on 10 August 2016 and 2 November 2020); and
- (c) in compliance with any other applicable notification requirement or limitation which may be imposed by CONSOB or the Bank of Italy or other competent authority.

Provisions relating to the secondary market in the Republic of Italy: Investors should also note that, in any subsequent distribution of the Notes in the Republic of Italy, the EU Prospectus Regulation and Decree No. 58 may require compliance with the law relating to public offers of securities. Furthermore, Article 100-bis of Decree No. 58 provides that where the Notes are placed solely with “qualified investors” and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Notes who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Notes were purchased, unless an exemption provided for under the EU Prospectus Regulation or Decree No. 58 applies.

Material Contracts

7. There are no material contracts entered into outside the ordinary course of business by the Group which could result in the Issuer being under an obligation or entitlement that adversely affects the Issuer's ability to meet its obligations to Noteholders in respect of the Notes.

Clearing of the Notes

8. The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg. The appropriate common code and the International Securities Identification Number (ISIN) in relation to the Notes of each Tranche will be specified in the relevant Final Terms. The relevant Final Terms shall specify any other clearing system as shall have accepted the relevant Notes for clearance together with any further appropriate information.

Notes Having a Maturity of Less than One Year

9. Where Notes have a maturity of less than one year and either (a) the issue proceeds are received by the Issuer in the United Kingdom or (b) the activity of issuing the Notes is carried on from an establishment maintained by the Issuer in the United Kingdom, such Notes must: (i) have a minimum redemption value of £100,000 (or its equivalent in other currencies) and be issued only to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses; or (ii) be issued in other circumstances which do not constitute a contravention of section 19 of the FSMA by the Issuer.

Issue Price and Yield

10. Notes may be issued at any price. The issue price of each Tranche of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions and the issue price of the relevant Notes or the method of determining the price and the process for its disclosure will be set out in the applicable Final Terms. In the case of different Tranches of a Series of Notes, the issue price may include accrued interest in respect of the period from the interest commencement date of the relevant Tranche (which may be the issue date of the first Tranche of the Series or, if interest payment dates have already passed, the most recent interest payment date in respect of the Series) to the issue date of the relevant Tranche.

The yield of each Tranche of Notes set out in the applicable Final Terms will be calculated as of the relevant issue date on an annual or semi-annual basis using the relevant issue price. It is not an indication of future yield.

Conflicts of Interest

11. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer and its affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer and its affiliates consistent with their customary risk management policies. Typically, such Dealers

and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
